## EDITORIAL by Phil Stevens

Good afternoon football followers.

In the frantic lead up to the start of the season a couple of occurrences really highlighted and made me feel what a nice environment sports administration is to work in.

Recently one of our oldest and long-standing sponsors **Carlton and United Breweries** came to us – which is in itself unique in this economic climate – and asked how in our Centenary year could Carlton recognize the Centenary Year in a more tangible way other than through their sponsorship agreement.

A few items such as pewter mugs for each club to mark the Centenary and the donation of commemorative posters were agreed upon when out of the blue was thrown into the discussion the possibility of decent sized goalposts at Elsternwick Park – as distinct from “the matchsticks” that have prevailed for years. The result, a new, fully installed set of aluminium posts identical in every way to those at the MCG suitably adorned with CUB corporate padding.

What struck me about this whole project was that we, the VAFA, didn't have to chase and sell the Association but rather the offer was made to us.

We must be doing something right in the way we look after our sponsors.

On the Friday before the first game the electronic scoreboard which was being serviced for three weeks or so previous was not going to be in operation for the first day, due to likely non-arrival of essential parts. Whilst involved in the Premiers' Cup I had noticed at the Frankston VFA ground a new type of scoreboard in operation – a series of magnetic white squares rearranged manually on steel plates to display the numbers required.

A couple of quick (and desperate) phone calls later and I had one **Bob Beattie**, the man who had developed this system, only too happy to help me with a new portable scoreboard, which will be developed and used as a permanent back-up board at Elsternwick Park.

I recommend thoroughly this board – the numbers are extremely easy to read from a distance and very simple to change. For more information on this board for your club request from me a sheet explaining it more fully or phone Bob Beattie on 789 8859.

As I said initially two stories that made me feel good on the eve of the season. Thanks **Bob Beattie** and **Carlton and United**.

Have a good day at the football.

### REVIEW

After a brilliant 9 goal third quarter into the wind **North Old Boys** were able to establish a winning lead over **De La Salle**.

Led by on-ballers **Tony Cahill** and **Gerard Phyland** the **Old Boys** brushed **De La** aside in a most convincing manner.

**De La's** full forward, **Pat Mannix** was well held by **North's** full back, **Peter O'Farrell**. In fact the 18 point margin could have been greater if not for the efforts of **Peter Rennie** and **Andrew Macintosh** in **De La's** last line of defence.

**North** displayed superb running skills which saw 11 players score goals.

**Collegians** ran all over **Marcellin** in the final quarter to run out easy victors by 43 points.

**Chris Pollock** in the ruck gave his rover **Danny Thomson** first use of the ball on many occasions.

**Steve Boysen** in his new role at half back along with **Tony Zannoni** were not quite enough support to stop the **Collegian** landslide.

**David Hoyle** had an impressive return booting 3 goals and **Michael Lake** chipped in with a bag of 5.

Watch out boys **Collegians** could be "back in town" this year.

**Therry** trounced **Old Haileyburians** at the McKinnon Reserve – a hard task at the best of times.

**Tim Taylor**, **Paul Matton** and **David Wrigglesworth** were unbeatable all day.

**Peter Thiessen** continued his good form of '91 on the wing for **Haileybury** and **Paul Woff** showed some good signs but all was to no avail as **Therry** gained momentum and confidence.

**St Bernards** flogged **Old Scotch** much to everyone's surprise – just how much of a home ground advantage do they have?

**Gavin Keane** at full forward booted 6 goals as **St Bernards** ran riot.

**Scotch** ruckman, **Duncan McCall** did a fine job in the ruck against **Wayne Carey** but was not given enough support by his other on-ballers.

The **St Bernards'** backline played tight footy and players such as **Simon Walsh**, **Mark Egan** and **Bob Purcell** did a fine job in keeping the **Cardinals** to just 6 goals.

**Old Xaverians** had an unpleasant welcome into A Section as **Ormond** stormed to a commanding half time lead.

The **Ormond** old timers such as **Matt McConville**, **Phil Kingston** and **Russell Barnes** were at their best.

**Xavs** will need great improvement from their fringe players if they expect to stay in A Section.

The performance of **Dermot Dann** and **Geoff Clare** on their respective **Xaverian** wings was heartening but they lacked a cohesive forward line.

### PREVIEW

**Ormond** are at home to **St Bernards** and both teams will be brimming with confidence after 1st round victories. **St Bernards** are very much an unknown quantity but they do have a great deal of experience on the field in the form of **Frank Dunell**, **Wayne Carey** and **Gavin Keane**. The on-ball duels between **Ormond's** **Andrew Jobling** and **Matt McConville** and **St Bernards'** **Wayne Carey** and **Jack Overman** should prove to be the highlight of this game. Somehow it is difficult to imagine that **St Bernards** would have enough good players all over the ground to stop **Ormond** today. The **Ormond** runners such as **Brett Connell** and **Darren Wood** may open any faults that the **St Bernards'** defence possesses but be aware that the **Saints** will not be handing this game over on a plate – **Ormond** by 20 points.

**Old Scotch** will have their hands full as they take on **Collegians** at Flinders Park. After being murdered last week by **St Bernards** I have no doubt that the **Cardinals** will come out with all guns blazing today. **Collegians** have a potent forward line with the likes of **Mount**, **Schober**, **Hoyle** and **Lake** all capable of kicking a bag. **Bob Fuller** and **Steve Reddish** will be leading the **Old Scotch** defence which was torn to shreds last week – I don't think **Scotch** will play that badly again! **Gary Irvine** and **Ed Allen** should have a fine duel on the wing but with **Mark Hibbins** and **Matt Galbraith** constantly getting the ball I would expect **Collegians**, who are very much on a high, to win this game. **Russell Greene** will have to do his homework if he expects his team to get up this week – **Collegians** by 2 goals.

A confident **Therry** welcome **Old Xaverians** to Oak Park. **Therry** at home are as tough as any team in the competition – and they know it! **Tim Taylor** and **Paul Matton** are in fine touch and no doubt will be worn closely by **Justin Cardillo** and **Michael Logan**. The first use of the ball should go to **Therry** as one would expect big **David Wrigglesworth** to dominate this game. The forward play of **Gilmour** and **Eastmuire** may prove to be a major headache for **Xav's** coach **Grant Thomas** and it is difficult to see him having enough good options to prevent **Therry** from kicking a winning score. If **Xavs** decide to play this game man on man perhaps they may hold **Therry** down but I can't see them getting on top – **Therry** to win by 6 goals.

**North Old Boys** coming off a fine 1st round victory over **De La Salle** play **Marcellin** at Elsternwick Park. **Marcellin** who have been devastated by the losses of **Rob Gross** and **Chris Slattery** will be in for a most unpleasant outing at VAFA Headquarters. The **Old Boys** looked great last week and with opportunities such as **Gerard Phyland**, **Luke Boyle** and **Brian Hanlon** seemingly at the fall of every ball, I would expect

### RUSSELL BARNES PLAYS HIS 200TH

Ormond congratulates Russell Barnes on playing his 200th game. Russell is well known in Amateur circles and is a legend at Ormond, was captain of Premiership sides in 1985-87-88. He suffered a very serious injury in 1989 but showed great courage to return in 1990 being a member of the 1990 Premiership. He also represented Victoria with distinction in 10 games on the half back flank. Russell you were a very inspiring leader who would do anything to help the Ormond cause and we thank you for your great service and wish you all the best for the future.

## MELEES – BEWARE

A melee is "Where an incident takes place involving players, pushing, scragging, jumping into packs, throwing each other to the ground or other similar such conduct".

## B SECTION by Tom Johnston

The opening round of the season got underway in hot and oppressive conditions with a strong northerly wind making scoring a difficult task indeed.

The match of the round was played at Timber Ridge Oval. **Blues** started with plenty of confidence and looked good. **Trinity** struggled against the wind, but to their credit Trinity were hanging in there. **Trinity's** backbone of **Adam Marshall** from the U19s (a great player), **Michael Turner** and **Tim Roberts** and **Hopkins** were setting up many attacking opportunities. **Blues' Don McInnes, Keats** and **Lockhead** were working hard for their goals. The game was won in the 1/3 quarter by ruckman **Mick Yandell**, who was dominating the ruck giving **Hammish, Worsley** and **Darrel Gust** an armchair ride. **Blues** forward **Jack Frith** and **Michael Turner** were having a great duel with the honours slightly favouring **Frith**. **Blues** finished the match full of running and I expect them to have a great season.

**Whitefriars** unfurled their 1991 flag at home against **Old Mentonians** and then proceeded to unleash a powerful display of good ammo football. In a game where I thought the B Grade experience of **Old Mentonians** would show out it was the complete opposite. Coach **Geoff Reiley** really had **Whitefriars** firing. Defender **Simon Strike** was unbeatable in the air, **Noel Jenkins** and **Pratt** – 5 goals apiece was just reward for some very good football – were proving a handful for **Old Mentonians' defenders**. **Old Mentonians**, brilliantly led by 1992 Captain and B&F winner in 1991, **John Sly**, were still in the game at 3/4 time. Defenders **Nick Macquarie** and **Al Petrov** were excellent players, as was rover **Craig Best**. An 8 goal to 2 last quarter by **Whitefriars** with centreman **Julian Philip** and utility **Ben Crowe** dominating were far too slick for their **Old Mentonian** opponents. **Whitefriars** out-ran and out-numbered **Old Mentonians** on far too many occasions, and made a very auspicious debut in their first B Grade game with a 49 point victory.

The clash at Elsternwick Park played in the good spirit of past games between **Banyule** and **Parkside** was an interesting contest before the **Red Devils** ran out of legs in the last 1/4. The first 1/4 had plenty of play and **Parkside** led the **Bangers** by 8 points at 1/4 time. Ruckman **Yoksich** giving the exciting young **Jason Hollard** and **Leo Panjari** first use of the ball had the **Bangers** struggling. Only **Greg Sutterby** and **John Turnbull** were working hard on the ball for the **Bangers**. The 1/3 qtr was a ripper. **Frank Sansonetti**, after being well beaten by **Stephen Grey** relieved the firing **Parkside** ruckman **Goran Yoksich** with good results. **Bangers** forward **Maddison Fidler** made a welcome return back for the **Bangers** with 5 goals, as did **Marty Phillips** 4 goals was good value. **Parkside** got good drive from their wingers **George Panjari** and **Lou Inserra** all day, however the class of **Leigh Holt** and

**Sutterby, Harte** and **Fidler** proved too much as the **Bangers** ran out comfortable winners by 38 points. **Banyule** had many good players missing and when all return the **Bangers** will be the side to watch if they play to their full potential, ?if?. Congratulations to **Terry Franklin** on being appointed captain of the **Red Devils**. The game at Parade College between **Old Paradians** and **Monash Blues** was a hard fought affair. After trailing by 14 points at 1/2 time **Parade** finally got going. The skill of **Matt Phelan** whose 6 goals was just terrific, **Simon Vincent** 5 goals and **Nick Ellis** 3 goals, were the focal point of attack whilst for **Monash** the **Quinn Brothers** are great gun players, along with the skipper **Andrew McGregor** and vice captain **Greg Hipwell** who always gives his best. **Parade** scored 12 goals after 1/2 time to **Monash's** 5 goals to set their 31 point victory up. Good to see **Parade** ruckman **Jamie Geary** return to form with the ever reliable **Peter Bradender**, and **Brenden McClements** had a steady influence on the Parade backline. **Parade** to get better, **Monash** need some improvement, but are hard to beat at home.

**Old Brighton** at home are really invincible. Both sides started with plenty of vigour and enthusiasm providing the spectators with a good contest. **Tonnars** ruckman **Nick Perry** was on top of his taller opponents. Rover **Andrew Pryor** had plenty of the ball. **Old Melburnians** captain centreman **Jeremy Nichols** was in the thick of the action. The further the game the bigger **Old Brighton's** lead increased. Full forward **Tom Hayden** 6 goals was unbeatable along with veteran full back **Cameron Lade** who makes Footscray's Ric Kennedy look tame. **Old Melburnians** looked underdone. New coach **Paul O'Brien** will need to improve his side in this era. **Newman, Blood** and **Rose** all gave their all for the **Old Melburnians'** cause, however to no avail as the **Tonnars** ran out easy winners by 61 points.

### TODAY'S PREVIEW

**Old Melburnians** clash with **Old Trinity** with much hinging on the outcome. **Old Mentonians** would not have pleased coach **Bert Calvert** and after copping a trashing by 63 points will need to regroup. Coach **Alan Johnson** must get more from the experienced players in **Allibon, Beardsley** and **Norman**. **Old Mentonians** on the rebound on their own huge home ground advantage will make this a close contest. The experience and class players of **Trinity** to win the day. **Trinity** by 11 points.

The match of the round is on Sunday at Elsternwick Park between **University Blues** and **Old Brighton** in a game that promises plenty. Both teams had good wins last week, both teams have gun players. **Blues** look good with **Yandell** back, **Gust** is a real goer, as is **Furphy, Jamieson, Kanis** and **Frith**. Their opponents are also classy. **Perry's** clash with **Yandell** could decide the match. **Pryor, Hayden, Waddington, Grant** are

### 150 UP FOR THE "SLY" ONE

All at **Old Mentonians** would like to congratulate one of their favourite sons in **Johnny Sly** who today (11/4) plays his **150th** game for the club. Johnny began at OMFC back in 1983 and has been one of the most consistent players over the years. He was a member of the 1990 Premiership side, was last year awarded the B&F player and this year has been elected senior captain. Congratulations from all your mates at OMFC and good luck for the 1992 season ahead.

# FERRARI FORMAL HIRE

ORMOND, CITY, FRANKSTON, DANDENONG, MITCHAM, MOORABBIN AND PRESTON

Due to time constraints (work related) I couldn't wait for the 12 noon Monday faxes to put this report together. Instead, Sunday night won out, and hence the "skinny" review notes. It's only early doors so don't panic just yet you avid readers of the *Amateur Footballer* we'll just have to work out a quicker and more simplified communications system. Club reporters please refer to note(s) at end of report.

### REVIEW – ROUND 1

The **Squirrel** was a little out of his tree last week missing the mark with **Bulleen-Temp.** and **Kew**, but only just with the latter (1 point).

Still, 17 rounds to go and I'm sure I'll improve on my performance as will the 5 first round losers.

My "rap" for the week goes to all those club appointed field, goal and boundary umpires who toiled long and hard in the very sweltering conditions for the love of the club and the game itself. Well done folks!

At Oval 4, Albert Park the **Jackers** visited the **Bankers** and found themselves blasted away by half time to the tune of 17 goals to 6. Much to their credit, **AJAX** applied themselves valiantly in the 2nd half to outscore the **Bank Boys** 12 goals to 6 to go down by only 28 points at siren time. The **Bankers** need to keep 18 on the field, not the 16 or 17 as was the case in the 2nd half whilst the **Jackers** although licking their wounds can look forward to a win in the very near future.

**Kew's** solitary 1 point win over **Fawkner** came as no real surprise as I had declared it a "toss up" job and for those at the game I'm sure it was the spectacle it promised to be. The 4 points **Kew** earned may very well equate to 8 points in the wash up as not too many visiting teams come away with the biscuits out north. For **Fawkner** I suppose it's a case of 1 Swallow not making summer and just work hard to get their first 4 points.

I reported last week that a big watch be put on the Sth Yarra boys and to their credit they didn't let old **Squirrel** down. Betcha **Tony Orchard** had a few not so quiet ales on Saturday evening to toast the clubs successful return to 'C' Section. For the **Hoes**, again it's back to the drawing board and look ahead for that first scalp.

The **Sainters** certainly left the **Blacks** in their wake with a winning margin of 40 points. Word had it that the **Saints** had recruited very, very well. Rumours abound pre-season but maybe, just maybe this one will prove to be correct. The **Blacks** won't be too happy letting this game slip away on home turf. I'm confident they will bounce back quickly.

**Bulleen-Temp.** absolutely swamped the **Towners** by 70 points and with a defeat of that nature and at home it appears the **Thomastown** lads have a little homework to do even at this very early stage of the season. Certainly doesn't do ones confidence much good I suggest!

### PREVIEW – ROUND 2 (11 April, 1992)

**Comm. Bank** travel across town to do business with **Kew** at Victoria Park. In a game that promises

to be a tight tussle from the outset in a match up of 2 very good running teams I'm leaning towards the visitors to have their noses just in front at siren time by a slim margin of 6 points.

**AJAX** at home to **Thomastown** will notch up their first 4 points of the season. A quick starting, fast running team I expect the **Jackers** to bounce out to a healthy lead and be able to dictate terms from then on and salute by 40 points at days end.

**MHSOB's** play host to what I expect to be a very determined **Fawkner** squad hellbent on avenging last week's slender loss at the hands of **Kew**. No easy ground to acquaint yourself with at Sth Yarra and I've a feeling that by the time the Northerners have adjusted the **Old Boys** will have shut the gate to the tune of 21 points.

**Ivanhoe** journey down Murrumbidgee way to do battle with **St Kilda/Sth Caulfield** in a game that looks to have the goods about it on paper but this scribe thinks that the **Ivanhoe** boys will get very little joy from the experience and drive back home unfortunately for them down the tube by 36 points.

**Bulleen-Temp.** against **Uni Blacks** is a game that has a lot of appeal about it. For the **Bullants** to get the points they will need to reproduce last week's form whilst the **Blacks** will need to lift their own game considerably. I'm suggesting that the **Blacks** will do just that, however at home **Bulleen-Temp.** are extremely hard to toss and the task at hand might just be too much for **Uni. Bullants** by 21 points.

Club reporters . . . sorry about last week's muck up, but could we try a system whereby you contact me anytime Sunday on 850 6964 leaving a message on tape re your game reports.

P.S. Would my fellow scribe "**Bitter**" **Lemon** from 'D' Section please inform me as to the date, time and venue of the end-of-season Tipsters Lunch he reported about in Issue 1. And who pays? I'm already 2 winners ahead.

See ya, "**The Squirrel**".

### 300 AT THOMASTOWN

**Frank Farchione** starred for Thomastown in his 300th game on April 4. "Fabulous Frank" displayed his customary skill, courage and determination for 4 quarters. Whether kicking seemingly impossible goals, or making long clearing dashes from the back pocket, Frank is an inspiration to team-mates and supporters. His laid-back manner and infectious smile have made him one of the most popular personalities at Thomastown where (except for a season at Bull/Temp) he has played since he was knee high to the proverbial grasshopper. Frank has also served the Club as a senior committeeman. Congratulations and well done on your triple century and many years of service Frank. Thomastown players, members and supporters look forward to your many more seasons with the Bears.

## PERSONALITY PARS

### 100 AT THOMASTOWN

April 4 was a Red Letter day for Thomastown's **Ross DiMaggio**, who played his first game of senior football (being named as best player for the reserves) and notched up his **100th** game with the Bears. Congratulations Ross. We hope to see many more outstanding performances from you in years to come.

### MHSOB '91 PREMIERSHIP FLAGS UNFURLING'

Today, Saturday 11/4/92, marks a magnificent moment in the celebrated history of our great Club, Melbourne High School Old Boys FC, when the Senior and Reserve 1991 Premierships Flags are unfurled during our first supporters luncheon. Our first Senior Premiership since 1961, our second Reserve Flag in a row, our first ever double Premiership and of particular importance for the future youth of the Club, our third U17 Premiership in successive years '89, '90 and '91, MHSOB pays tribute to all persons who have given so much to their time and resources over the years to make this occasion finally realised. Whilst the business of football now continues into 1992, and we must strive to consolidate and improve, our success of 1991 will give great pride and satisfaction for many years to come.

### ST KILDA SOUTH CAULFIELD

This Saturday (11/4) at Packer Reserve sees the unfurling of the **C Reserve Grade Flag** for St Kilda South Caulfield AFC. The premiership was a great result for the club in its inaugural year and is a tribute to the dedication of first year captain-coach **Steve Mooney**, his capable assistant, **Darren Ward** and runner **Frank Madarassy**. The premiership was a fitting farewell to two of the club's stalwarts **John Howard** and **Peter Buzza**. The club is hoping for bigger and better things in 1992 under the guidance of coach **Mark Greene** (formerly of St Kilda VFL) and his assistant **Greg Farrell**. The team will be led by **Peter Kerian** and **Paul O'Sullivan**.

## D SECTION by Peter Lemon

Without even checking the other Tipsters' results, I guess I'm back in the usual position. **Old Ivanhoe** scored a solid win at the expense of the remarkably accurate **Rovers**; 16 goals were scored in the first quarter. The **Hoes'** centre line (**Stevens** kicked 7 from the wing) will again be formidable strength this year; it was probably the difference in this game. With coach **Garry Heatherington** the **Rovers** performed creditably, with their best being **Ed Melnjak**, **Matt McKellar**, and **Shaun Murphy** kicking 6 goals in his first game. The **Hoes'** highlights were **The Dyson Goal** – beat 5 opponents for a 50 metre goal; recruit **Marty Stewart's** 4 goals, and the 400th game played by **Alan "Snapper" Haug**, in his 27th year with the Club.

**St Bede's** performed well to take the points against **Williamstown**, with the visitors' greater fitness being a telling factor in the final term. They trailed by 4 goals at the long break, levelled with the wind, and finished on the stronger. **Simon Flannery** (son of former VAFA umpire Trevor Flannery), up from the U19s, put in a Best on Ground performance, and other players to stand out were **Parsons** at half back and **Danny Spencer** who chipped in with 5 goals.

Like most of the other Clubs in the Section, **Caulfield Grammar** and **Mazenod** combined to prove me wrong. The home side's strong running game, aided by some ferocious tackling, saw them outlast the **Noddies** in a high standard clash at Albert Park. The **Field's** first quarter was the match winner, leaving **Mazenod** to play catch-up football for the rest of the day. Best players for the victors were **Rob Morrissey** (CHB), **Clint Simpson** (HBF) and **Trevor Royals** with a regal display in the Centre, whilst the **Noddies'** Press Correspondent must have nodded off, so to speak.

The **SKOBs** "Cougar" will be crowing – quietly – after their narrowest of wins over **Old Camberwell**. This game was a credit to both sides, with the lead changing five times in a frantic, final 15 minutes, in the most difficult conditions. The big – huge – crowd was treated to a great spectacle and a never-say-die effort from both Clubs which was a credit to Amateur Football. Best for the **SKOBs** were new-comers **Dave Sheehy** and **Phil Callil**, along with vice-captain **Andy Beale**.

**Old Geelong's** home ground advantage (15 out of bounds on the full to the visitors' 3) had little to do with their win, and neither did their disposal. There was some good tenacity to come back on 3 occasions, however, when **Preston** looked to have the game in control. The **MOBs** were well served by **Andrew Philp** at CHB, **Craig Smart** in the centre, **Andrew Brydson** (ruck) and **Ronnie Herbert** on the back flank. First gamer **James Taylor** put in a pleasing performance for the **OGs**, along with **Jimmy Lee**. And commiserations to back pocket **Cam Stewart** who broke a kneecap in three places: at least the match result was some consolation.

### THIS WEEK

Match of the day is **Old Ivanhoe** at home to **Williamstown**. The visitors are a tall and high marking team, and should be up on fitness from last week. On the other hand, the home side have an abundance of talent in the smaller, faster brigade and a lot will depend on which Club is most able to play its natural game. I'm selecting the home side.

**St Bede's** will be buoyed by their good win away, whilst **Preston** today cop a long drive for their second away game. Likely inclusion of coach **Lawson** in the team (and will Geoff Thomas be promoted from the Seconds?!) should help, but I suspect that **St Bede's** will be too strong on their home turf.

**Mazenod** are doubtless unveiling their 1991 E Section Flags at home today; always good for getting a bit of adrenalin going, and they will be keen to perform better than last week. However, I am going to make a controversial decision in favour of the visitors: they have a lot of new players on board and played well in a great game last Saturday.

**Old Camberwell** and **Hampton** have similar grounds – large and fairly exposed, so the **Rovers** should not have much trouble adapting. However, the **Wells** had five top players out last week, and could expect to have at least a couple back this week. In a close finish I expect the **Wells** to break the ice.

**Caulfield Grammarians** will be on a real high for their clash against **Old Geelong**: **OGs'** forward line will have to be a lot more effective this week if they are to be a chance, and they need a couple of better players back. The visitors look too strong.

## CLUB SECRETARIES/PRESS CORRESPONDENTS AFTER MATCH SCORES

Club secretaries were advised in a March Memo (No. 8/92) of the procedure to be followed in phoning after match scores and information. This was extremely poorly followed for Round 1, however all fines will be waived for Round One as many callers (press correspondents) indicated their secretary didn't pass on the memo to them.

The procedure is as follows:

### • G SECTION AND RESERVE MATCHES

Final scores to Elsternwick Park 531 8333 – ask for Nancy McTaggart (by 3pm)

### • U19 AND SENIOR MATCHES

Final scores to Nancy McTaggart 528 3319/528 2471 before 5 pm

### • A AND B SECTION MATCHES

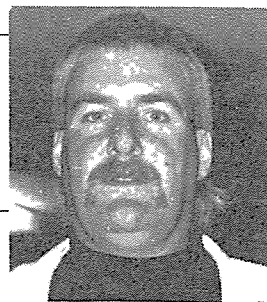

Both team's goalkickers, best player and ¼ by ¼ scores to be phoned to Norm Nugent 467 2857 before 5.30 pm.

### • Home team secretary/press correspondent to provide this information.

NB: "BLACK LIST" will start in the next *Amateur Footballer* – late phoning of scores, incorrect scores being transmitted, failure to phone through scores at all – clubs are being given the first round's grace to get "their acts together".

# Ansett Australia.

## E STREET by Tom Brain

After 3 months of anticipation Round 1 is finally behind us, with the heat it still felt like **Cricket** season and tested everybodys fitness. **North Brunswick** confirmed all early reports with a big win while **Glenhuntly** and newly promoted **ANZ** started well with convincing victories.

### REVIEW

The **Zedders** set up their victory with an excellent first quarter against the strong wind that was blowing at **Lakeside**. From then on it was a procession as they played some excelent team football to score some 23 goals to 7 over the next 3 quarters. The **Trobes** played good football on occasions but could not maintain it against the fast running **Zedder** machine. **Kevin Segota** was an admirable umpire and is certainly more at home with a whistle than a cricket bat, where this tipster had the pleasure of bowling him for the "BIG 0". **David Steere** made a fine debut for **ANZ**, **Manny Nicolosi** with 9 goals was a fine focal point and **Ricky Mac** and **Stevey Vergos** were clever running players for **ANZ** while **Latrobe** could only be happy with the form of young **Edwards**.

**Glenhuntly** proved my prediction to be spot on with a very important victory over a disappointing **Aquinas**. It was a great team effort by the **Hunters** who finished with 10 individual goalkickers. In a game that was sometimes scrappy the **Bloods** at times looked good but made too many unforced errors and turned the ball over too often, to allow the home side to move the ball at will and score at both ends of the ground. **Tim Hill** was everywhere for the victors and picked up possessions at will, **Darren "Zacs" Isaacs** continued his practise form with 5 goals and **Mansie** was very strong in defense repeling many forward thrusts. For the **Bloods**, **Tarulli**, **Hodge** and **Grierson Bros** had a bit of a dip.

The **Bulleen** ground was indeed rock hard and not its usual mudheap. Under the expert guidance of ex **Bulleen-Temp.** stalwart **Andy Smyth** the **Bulls** are a talented combination of youth and experience, and this obviously held them in good stead against the **Wicks** who were very disappointed to lose and in the end were very pleased to hear the final siren, but should not despair as one loss does not necessarily make a season. **Bulleen** had many good players, **Tony May** took the BOG honours with veterans **Craig Veitch** and **Dick Morley** not too far behind him, rover **Schimma Tsiampas**, the "Spider" and **Chris O'Connor** could all be proud of their efforts for the losing side.

The inside mail was certainly right on the mark with **North Brunswick** as they completely demoralised a **Doveton** side that just could not get into the game. With the absence of **Tony Adhore**, **Ady Turchett** had a field day in the ruck setting up plenty of play for everyone else. The **De Mortons** were in excellent touch with 7 and 6 goals respectively, the whole side persisted

all day and are certainly on a par, if not better, than last year. The **Doves** are still a bit unsettled with many players in unaccustomed positions so can only improve. **Lirosi**, **Briffa** and **Di Marco** were other good **Northies**, **Stan Wilson** was a great trier all day for **Doveton** along with **Murphy** and new coach **Mark Ladgrove**.

**Powerhouse** were disappointed to lose the other game in the **Lakeside** area. Their first half was not very good and **Brunswick** were very desperate in their quest for the ball. You must play 4 quarters to win a game of footy these days, I'm sure **House** maestro **George Tsolacos** will make his charges very aware of that on the track this week. Two first game players **Dominic Baxter** and **Alan James** made outstanding debuts for the home side, as **Derek Desler** was his usual consistent self. Congrats to **Jeff Scotland** on his appointment as Club Captain after 150 games. Well done mate! No news from **Dunstan Street** this week. Come on **Wato**!

### PREVIEW

Although having to make the long trek out to **Ringwood** and come up against the **Bloods** on the rebound not a pleasant task at any time, **ANZ** will have gained enough confidence from last week to record victory No. 2.

The unlucky **Powerhouse** travel **North** to the huge **Uni Oval**. They are looking forward to this game and should win against the **Trobers** who really are still finding their feet.

**Elsternwick** today unfurl their 1991 Premiership flag, well done to all associated with it and will be really pumped for this game and want to win, early form is good form so today I'll stick with the in form **Glenhuntly**.

An interesting encounter at **Allard** where **North** await the **Bulleen** side whose confidence will be up. This is their first big test, much as I'd like to tip for the visitors **North**, at the moment, are travelling well and will win.

**Doveton** hardly ever lose 2 in a row, today will be one of these occasions, they must settle their line up, **Brunswick** at home are especially good and will take the points today.

Last week the perfect score 5/5, Slab Challenge on again **Max**?

## PERSONALITY PARS – E

### 200 AT NORTH BRUNSWICK

The committee & players of North Brunswick would like to congratulate **Darren Adams** on playing his **200th** game for the club this week (11/4) against Bulleen United. With the club since 1978 Darren had played 100 junior games when he won the U15 B&F in 1985. Now 100 games on, he was last year's B&F in the Reserves still only 20. We hope Darren has many more games to play for North. Congratulations Darren.

### 100 GAMES FOR MIKE LLOYD

**Elsternwick** stalwart **Mike Lloyd** will this week (11/4) play his **100th** game for the club, and has started the season off in typically sensational form. Mike has been at Elsternwick for many years and is actively involved in club administration, and if not for injuries this event would have been notched up long ago. Congratulations from all at Elsternwick.

Missed the fax last week. In fact, missed the complete round. Should never have read that book by **Alan Zimer** – it's made me a touch fragile. In fact that photograph in the right hand top corner more than does me justice. Perhaps I'll get the older, larger version a la the **Elvis Presley** stamp collection.

So F-Troop has sixteen sides and a final six. I can envisage a national F-Troop competition within 2 to 3 years with double-headers in Tasmania and day-night matches at **Boronia Park**.

Last week, **Flash Phil** (substituting for yours truly) proved he couldn't pick his seat in a cinema let alone the result of a football match. I would have selected seven out of eight – new chums **St Leo's** caught me by surprise.

Unfortunately, my lack of pre-season has meant club reporters (in the main) have been left in the lurch. I'll be posting some pro-formas to club reporters for fax use once the bunny has paid his visit. In the meantime my Monday morning fax number is **377 8250**.

#### BEST PLAYERS (as received from Round 1)

**Undertakers:** Jeff and Phil Karslake together with Gavin and Jamie Capron (10 goals)

**Bells:** Leo Learmonth, Sats Sutterby, Hulk Andrews and Spider Stanton.

**Grovellers:** Ruckman B. Milner, defender G. Crameri and rover C. Souter.

*\*Full list next week with details of F-Troop awards.*

#### PREVIEW

• The **Undertakers** won their first senior game since 1990 when they ran away from the **Footrot Flat Boys** at **Boot Hill**. **Ian Ashby** and **Russell Davies** are congratulated on their 50th games.

• The **Grovellers** went further ahead each quarter to finish 9 majors ahead of the **Sailors** at **Peg's Park**.

• The **Stationmasters'** inaccuracy kept them a whisker behind **Chirnside Park** who began the F-Troop campaign with an encouraging win.

• The **Elitists** struggled to win at **The Slab** against a **Botanists** combination which promises more than 1991 achieved.

• Last year's F-Troop finalists, the **brewers** and the **Socialists** had a great tussle on the **Kevin Murray Plot** with the **Socialists** teaming better for a 4 goal victory.

• **St Leo's** indicated they may be a benchmark with a new Bradman margin over the highly fancied **Bells** who were undermanned but impressed with the opposition.

• The **Young Poet's Society** had a six pack or so to spare in their match with the **Brigade**.

• The **Shamrocks** had a similar advantage over **West Brunswick** at **Galway Bay**.

#### SOCIAL NOTES

• Wedding bells tonight for Grovellers **Jim** and **Tanya Willmott**. The Beautiful One sends kindest regards from all at Peg's Park.

• **Bells Party Night** last week was highlighted by Razor's rendition of Love Potion No. 9. Tonight the Bells join their juniors for the AFL Calcutta (whatever that is!!)

#### PREVIEW

• **Grovellers** by about a six pack over the **Footrot Flat Boys**.

• **Stationmasters** by two twins over the **Undertakers** at the Snakepit.

• **Socialists** by about 17 points against the **Elitists** at The Zoo.

• **West Brunswick** by 5 majors against the **Botanists**.

• **Chirnside Park** by a six pack over **The Brigade**.

• **Bells** by at least 8 against the **Sailors**.

• **Young Poets** by 20 points over the **Shamrocks**.

• **St Leo's** by a six pack against the **Brewers**.

### 50 AT RICHMOND CENTRAL

Congratulations to **Steve 'Knob' Peatling** on playing his **50th** game last week (4/11) against Chirnside Park. One of the original players with Richmond Central it has taken a while with injuries and work commitments to make it but this super fit player has finally reached this important milestone. Everyone at the Snake Pit wishes him well and we hoopo to see him play quite a few wmore games still.

Many results proved once again that rumours abound in March and the only form that counts is that displayed in premiership matches. A 60 per cent result leaves me a lot of room for improvement.

## G NORTH

**Marcellin** as expected proved too strong for **Williamstown** as the **Eagles** had a win by 33 points. Had **Williamstown** kicked straight they would have clipped the **Eagles'** wings. Goalkicking practice should be on the "**Town's**" practice agenda this week! **North Old Boys** proved too strong for **Banyule** when they recorded a 26 point victory. The **North Old Boys'** side could well be a side to be reckoned with this season (or so it seems in early April). **Bulleen-Templestowe** had a 25 point winning margin over **Kew**. This clear cut victory made mockery of the alleged player shortage in "**Bullant**" territory. **Eltham** gave **Camberwell** a hiding in their first VAFA game when the **Turtles** won by 61 points. It would appear that the "**Turtles**" will again be a force in the competition. **Therry** showed improved form in 1991 when they had an 8 point victory over **Old Scotch** whose players again showed their dislike of football away from the inner city area. **Old Westbourne** received a set back in their ambitions when the straighter kicking **St Bernard's** won the even contest by 5 points.

## G SOUTH

Reigning premiers **De La Salle** proved too strong for **Monash Gryphons** with a 64 point victory at windy Malvern. After half time the **Gryphons** did better but the difference in preparation between the sides was marked. **Old Haileyburians** despite inaccurate kicking recorded a 36 point victory over **Collegians** while **Old Xaverians** recaptured pre-1991 form by accounting for **Bloods** by 30 points in their Yarra Park encounter. A return to former glory was also made by **St Kevin's** who were largely untroubled to defeat **St Kilda/South Caulfield** by the wide margin of 78 points. **Monash Whites** had a 36 point victory over **Old Melburnians** which could indicate the University side will enjoy a successful season. **Old Geelong** and **Glenhuntly** did not take the field due to lack of players and **Mazenod** had the Bye after the withdrawal of **Old Paradians**.

## PREVIEW OF TODAY'S GAMES

### G NORTH

**Old Scotch** comfortable on their own ground, should be largely untroubled to defeat **Banyule**. **Marcellin** await **Old Westbourne** who must travel into the far east in an attempt to defeat the soaring "**Eagles**". Sorry **Jeremy** to thwart your hopes, but I must select **Marcellin**. **Eltham** who do not travel well meet the well prepared **North Old Boys** on the wide expanses of the Gillon Oval. At this stage of the season I am prepared to gamble on a **North** victory. **St Bernard's**, on the strength of last week's victory should be able to

defeat **Kew** who journey out west to play the **Saints**. Two of last week's losers meet on the confines of the Swinburne Oval when **Williamstown** come to **Camberwell** (in Hawthorn!). At home I favour **Camberwell**. Two of last week's winners meet at Timber Ridge where **Therry** visit **Bulleen-Templestowe**. The "**Bullants**" form last week warrants me to select them as I am still unsure of **Therry** talent away from home.

### G SOUTH

In the match of the day two of last week's clear winners **St Kevin's** and **De La Salle** meet on one of **St Kevin's** home grounds!! After a quality game I expect **De La Salle** to emerge victorious. The outcome of the clash between **Bloods** and **Mazenod** could well provide a guide to the section's season's outcome. **Bloods** went down convincingly in Round 1 while **Mazenod** rejoiced with the Bye. Have **Bloods** reached the end of an era? Will **Mazenod** become a threat in their second season? Today will provide an answer. In defence to the talent of **Bloods** I select them to win. **Old Melburnians** will relish their home turf when they play **Old Haileyburians** who won well last week. Without knowledge of the relative strength of the sides I select **Old Haileyburians** to win. **Monash Whites** who will visit **Collegians** buoyed by last week's victory should be victorious again as the "**Lions**" have not roared loudly for several seasons. Two of last week's losers meet when neighbours **Monash Gryphons** and **St Kilda/South Caulfield** meet. The **Gryphons** did better in the second half last week to indicate **Arnold O'Brien's** message is succeeding. As **St Kilda/South Caulfield** appear to lack the talent of previous seasons I select the **Gryphons** to break the ice in 1992. **Old Xaverians** who won very well in their opening encounter should make it two in a row at the expense of **Glenhuntly** whose 1992 form remains latent. The other side **Old Geelong** can use their Bye to check the skis and the chardonnay!!

them to trounce the **Eagles** today. **Steve Boysen** and **Tony Zannoni** will need a great deal of support in the backline if **Marcellin** are to stop **North** from kicking a winning score. **Joe Amad** and **Tony Cahill** will provide the spectators with a "hard ball" duel in the centre, where the game could be won or lost. **Tony Furey** made a quiet debut for **North** last week, but he will be better for the run. At the final bell **North** should be well in front – **North** by 8 goals.

How long has it been since **De La** lost 2 in a row? **Haileybury** will be trying to plug holes all over the ground as **De La** attempt to make amends for their 1st round loss to **North Old Boys**. **Brett Mahony**, **Chris Campbell** and **Pat Mannix** were all well down on form last week, but they are unlikely to play that poorly again. **Col McClounan** and **Danny Smith** are fine on-ballers for **De La** who don't mind having a ping at the goals! **Simon Meehan** will be hoping that **Brett Steenholdt**, **Matthew Demattia**, **Wes Burns** and **Chris Kraus** can emulate their opposition forwards and kick a winning score – I can't quite see that happening today as **De La** will be fuming over last week, and keen to impress as they unfurl their 1991 flag. **De La Salle** to win by 5 goals.

## UNDER 19 SECTIONS by Max Lyon

A good start last week to most of our "new" clubs with **Old Carey**, **Uni Blues** and **Kew** all recording good wins. My tipping results a little down on past averages — only 12 winners out of 17 — but we'll only get better. Gold Star awards to the 5 clubs who contacted me with the details needed to put this column together — thanks to **Ormond**, **O. Melb**, **AJAX**, **Chirnside Park** and **O. Brighton**. So a reminder to today's winning clubs to ring me over the weekend (568 4727) or fax me (646 0872) on Monday morning with details of your 2 or 3 best players and major goalkicker(s). If you cop the answering machine when you ring, just leave these details for me in the 30 seconds available.

### REVIEW OF LAST WEEK'S GAMES

#### DIVISION ONE

Thanks to Umpire Hagar (alias Norm Nugent) I am able to say that the **De La** machine got going after ¼ time and went on to slaughter **Marcellin** by 20 goals. **Scotty** claims the **Eagles** will take a couple more weeks before they start to burn. Norm thought **De La's** best was **Sheedy**, **Lester**, **Chinn** and **Satchell**. **Ormond** came from behind and kicked 6 goals to **Old Mentone's** 2 in the last ¼ to get home from an inaccurate **Mentone** by a mere 3 points with "**Diesel**" **Wright** booting 3 of those last ¼ majors. **Mond's** other best were "**Dobbo**" **Dobson**, **Tim Millane** and skipper **Stephen Montgomery**. **Old Melb**, sporting a "sensationally fashionable" new outfit, completely outclassed **Old Haileybury** and could have named 22 best players but settled for **Thompson** (6), **Wallace-Smith** (4), **Henshaw** and **Branchflower** (4). **Old Xavs** were too classy for **St Bernard's** and **Mazenod** beat the "under uniformed" **Collegians**.

#### SECTION 2 CENTRAL

No details from any winning team in this section so I guess you've all read the results in the dailies. If not, winners were **Uni Blues**, **O. Camberwell**, **Kew**, **O. Paradians**, **Old Carey** and **Thomastown**.

#### SECTION 2 SOUTH

**Ajax** started in great style with a 20 goal win over last year's unlucky finalists **De La Gold**. "Old" team mates **Josh Hoppe** (5) and **Andrew Braun** were outstanding for **Jackers**. Newcomers **Paul Steiner** and **Julian Kirsner** (6) also stood out. **Chirnside** got home by 3 goals in a high scoring game against **Caulfield** who I may have under estimated. It took an outstanding effort from **Pemberton** plus the goalsneaking of **Piccioli** (9) to get **Chirnside** home. **Old Brighton** got home from **Oakleigh** by 10 goals, not the 6 reported in the dailies. **Jamie Hendrie** at full back and **John Farrer** ruck roving were **Tonnners'** best, whilst their coach **Mike Hill** was quite complimentary of the efforts of umpire **Lumanovski**. Other winners were **Hampton**, **Monash** and **Old Ivanhoe**.

### PREVIEW OF TODAY'S GAMES SECTION ONE

**Tones** come up for their first encounter with the reigning champs at **Keysborough** and although their first foray into Div. 1 was commendable last week, they will find **De La** much too classy for them. **Marcellin** and **Noddors** is a tough one. The **Eagles** will be better coached than they were in the **Bulleen** encounter last year and I think they should improve a smidgin on last week and just scrape home. **Bernies** will bounce back from last week's loss and get the points over the **Monds** who have never done well out at Keilor. **Collegians** have worked well at training this week and "**Moods**" will celebrate his 50th (happy birthday John!!) by ensuring all of his **Lions** have numbered jumpers today. In return the **Lions** will give him a present with the 4 points today over **Gilla's** disappointing **Bloods**. **OMs** did it easily last week but face a much tougher proposition today in **Xavs** whose win last week was their best start for a couple of years. **Xavs** to just win.

P.S. Warning to both teams not to leave their gear in those Albert Park rooms — thieves visit every week.

SELECTIONS: **De La Blue** **Marcellin**  
**St Bernard's** **Old Xaverians** **Collegians**

#### DIVISION 2 CENTRAL

**Ivanhoe** made a good effort of the tough task against **Thomastown** last week, whilst **Therry** were very ordinary. As the game is at **Ivanhoe**, I fancy the home team. Two good winners of last week — **Uni Blues** and **Old Carey** — meet at the Crawford Oval. Both have worked hard pre-season and got their just rewards last week but, as there can only be one winner today, I'll go for the home team. **Blues** to win by a point. **Old C'well** will notch their second win at **Black's** expense as will **Kew** over the **Friars**. **Parade's** coach Alex will be up against his old team **OTs**, now coached by 'Frog' (one of my old "pupils"). Sorry Frog, but I reckon Alex will be a happier man than you at the end of the day. I find it hard to separate the **Bullants** and **Townners**. The **Ants** are notoriously slow starters and **Townners** are goals worse away from home. I have a hunch they will prove me wrong today and will delay the **Ant's** winning streak by another week.

SELECTIONS: **Ivanhoe** **Uni Blues** **Kew**  
**Old Camberwell** **Old Parade** **Thomastown**

#### DIVISION 2 SOUTH

The result of the **Scotch** and **Melb High** game will give us an indication which one is likely to struggle this year as both were disappointing last week. I think **Steve's High** boys can open their account day. **Jackers** will be much too good for **Oakleigh** and I expect the **Monash Students** to kick on from their good win last week and get another 4 points at **De La's** expense. **Caulfield** visit the "wind tunnel" and, although they have improved on last year, I can't see them upending the **Tonnners** today. The other 2 games are toughies.

Both **Chirnside** and **Old Hoes** won last week – **Chirnside** were away and **Old Hoes** at home. I expect the home ground advantage to give **Chirnside** the points today. Last year's "unlucky" team, **Bedas**, were just beaten last week whilst **Rovers** had a good win. Logic tells me to go for the **Rovers** but I have a hunch that **Bedas** must be better than last week and I'll go for them.

SELECTIONS: **MHSOB** **AJAX** **St Bede's**  
**O.Brighton** **Monash** **Chirnside Park**

Thanks to **Collegians** for the lunch last Saturday – always enjoyable at the Troit.

Reminder to the 21 clubs that have not submitted their lists of officials. It will be a costly exercise if you don't do it before the next game.

Finally, nice to see **Peter Lemon** acknowledge that he owes me a "slab" – I'd rather the slab than a cheque though Peter. The challenge is on again from today to Peter and "Halfer" if they want it. No challenge for the Villain, Hilly and Hagar as none of them have coughed up with the TWO slabs they owe me for 1990 and 1991.

## DENTAL HEALTH SERVICES - WHO ARE THEY?

Vic Health has, for the past season, been the major sponsor of the Victorian Amateur Football Association, and in conjunction with its agency, Dental Health Services, has promoted the health message,

**"KEEP TEETH FOR LIFE - WEAR A MOUTHGUARD"**

Once again, Vic Health and Dental Health Services are pleased to be associated with the VAFA in 1992.

Many of you may not be familiar with what Dental Health Services is and what we do. Therefore, we have taken this opportunity to give you some insight into what Dental Health Services is all about.

In essence, Dental Health Services is the "school dental service" and you may recall visits from the service when you or your children were attending primary school.

Dental Health Services is a branch of the Statewide Operations Division of the Health Department.

Our mission is "to ensure, through the provision of regular dental services and dental health promotion that Victorian children have the basis to maintain healthy natural teeth for life". Basically, we offer dental services to every primary school in the State on a two year basis for children in grades prep, one, two, three and four and to children in grades five and six whose parents are health care card holders. We place special emphasis on children with high dental needs who tend to be from lower socio-economic areas. We aim to see children in this category on 12 month recall.

In 1991, over 130,000 primary school children in this State were seen, and treated if necessary, by Dental Health Services.

Dental Health Services has about 360 staff of which 80% are clinical staff. The main operators are dental

therapists who we train at the Dental Therapy School at our Headquarters in St. Kilda Road. We are organised into 14 Area Dental Teams throughout the State.

As you may know, the prevalence of dental disease in the permanent teeth of children has fallen dramatically in recent years; however, the extent to which individual children experience dental disease varies considerably. Our goal is to virtually eliminate dental cavities in the permanent teeth of most Victorian primary school children within 5 years. To do so, we will be placing more emphasis on preventive measures and dental health promotion.

Being associated with the VAFA will help us with our dental health promotion, especially in the area of dental safety and the use of professionally fitted mouthguards.

Dental Health Services is dedicated to improving and maintaining the dental health of our young children - starting them on the road to having good teeth for life.

The VAFA - and the emphasis it places on "family" involvement in the game - assists us to get our dental message across to junior players through the Elsternwick VicKick Clinic, senior players and spectators, many of whom are parents today or will be parents in the future.

We are particularly keen to see individual teams in the VAFA contributing in their way to promoting good dental messages such as mouthguard usage.

Dental Health Services is different to the usual commercial sponsor in that we are not so much interested in promoting our name as good dental health.

all experienced good players and with a slight edge in fitness I lean to **Old Brighton** (fancy picking the Tonners away from home), under the guidance of astute coach **Mark Parker** to take the initiative and the match. **Old Brighton** by 11 points.

The **Parkside** and **Whitefriars** game at Pitcher Park should prove most interesting as **Parkside** attempt to re-group after last week's loss and the loss of several gun players. **Whitefriars** made all the other sides in B grade sit up and take notice that they will indeed be very competitive. What the **Friars** lack in height they certainly replace with pace, class and courage. **Parkside's** big men are the key to the game. **Yoksich** (brilliant last week), **Sansonetti** and **Bradley** down last week are great club people and great players can swing the game to the **Devils**. **Whitefriars'** pace players **Jenkins**, **Carbone**, **Crowe** and **Philip** will all worry the slow **Parkside** defence. **Parkside's** height will worry **Whitefriars'** coach **Geoff Reiley**, but the pace of **Whitefriars** will cause **Bruce Ferguson** to have nightmares. **Whitefriars** by 15 points.

**Monash**, disappointing last week, clash with the cocky **Banyule** who had a good win over **Parkside**. **Banyule** can still improve their new players, **Mark McDonald**, **Fidler** and **White** will improve further with match play. I believe **Monash** legendary coach **Ray Ford** will make **Monash** more competitive with more games under the **Students'** belt. **Banyule** coach **John Simpson** will not let this game slip. I think **Banyule** by 19 points.

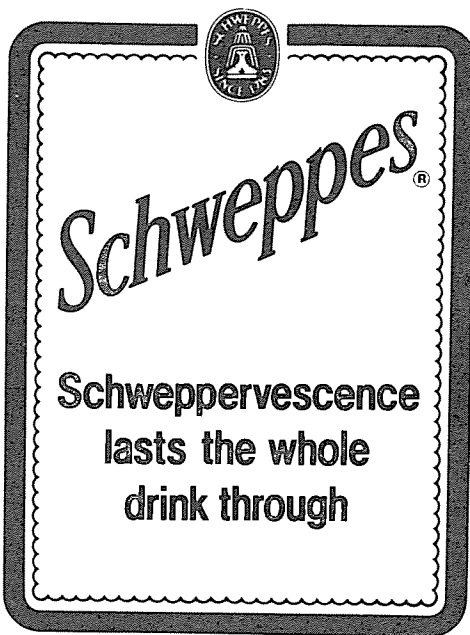

**Old Melburnians** playing at the Junction Oval, host **Old Paradians** in yet another vital match. **Old Melburnians** need to bounce back from their disastrous start to the season last week against **Old Brighton**. **Old Paradians** got better as the match progressed against **Monash**. Young players **Wayman** and **Pannam** are players of the future along with the experienced **Considine**, **Brabender**, **Geary**, **Philip** and **Way** gives coach **Mick Mulvahall** plenty of depth. Too little was left to too few last week and a big turnaround would be required by **Old Melburnians**. **Old Paradians** by 23 points.

#### ►Marketing News continued from previous page

Following the 1991 promotion of mouthguard usage amongst VAFA players, Dental Health Services will be conducting 2 follow up surveys in 1992, to assess the effectiveness of the continuing promotional program. The brief surveys will be carried out at the beginning (March) and at the end (August) of the football season.

Envelopes containing a questionnaire, explanatory letter and a stamped, self addressed envelope have been sent to some clubs.

As responsible Club Secretaries, we need total support for this survey to be accurately and effectively conducted. The VAFA and the member clubs could not possibly afford the risk of losing Vic Health as a major sponsor. The financial impact would be disastrous on all concerned in the VAFA. Vic Health's decision to continue a sponsorship agreement with the VAFA will be largely influenced by how effective the promotion of the health message is conducted.

**Please stress to your players the importance of completing and returning the survey BEFORE Friday 24th April, 1992.**

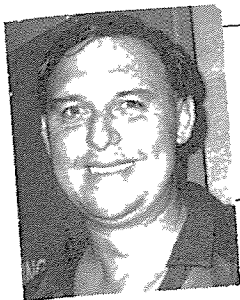

Thank you on behalf of the VAFA and DHS for your co-operation and support.

## Umpires Corner

by Mike Murray  
and Steve McCarthy

- First of all a couple of congratulations for milestones this week. **Peter (Bart) Simpson**, after a few hiccups finally reaches the **50 game** mark. Well done at last **Simmo**. **Rob (Spiderman) Mayston** now in his **6th** season with the Ammos clocks up the **century**. Hope the **100th** is as exciting as the **99th**!
- Keep your eye on the **'E Street'** column for the true story of **Chilly's** cricketing exploits. Legend has it that **Chilly** was hitting **'Hazza'** all over the park before **'Hazza'** managed to dislodge the bails.
- While mentioning **Hazza**, it should again be mentioned that these scribes would like to thank **Steve** and the **Hyphen** for the invite to the pre-Christmas luncheon. Unfortunately **MM** was led astray by the **two Tom's** (**Villain** and **E Street**) and was talking braille late in the afternoon. He blamed **F Troop**.
- Last week's **pre-season dinner** at the **Elsternwick Hotel** was a success with the newer umpires having the opportunity of mixing with the older heads. A great job was done by the staff at the **'Wick'** contributing to a great night. Special mention to the **waitresses** who looked after us all night. (**A.D. - we know!**)
- We were recently instructed to arrive at our games **one hour** before the bounce. Not **twenty-five** hours like **Thwaitesy** at a practice match. **Cop that!!** Seems like **Don McKenzie** had the same problem with the pre-season dinner!!

- Glad to see that the **Villain** has not mentioned that he had seen a fellow 'scribe' in the outer at a **Premier's Cup** game with a level 4 sponsor's product in hand. We umpires always try to support **VAFA** sponsors.
- **Peter (Rags) Keogh** came up with a novel excuse for his late arrival at the pre-season dinner. Stuck in a lift for 1¼ hours. **Rags** is sick of people asking him if he's right for a lift. You can't keep a good man down.
- **Congratulations** must go to **Paul La Vale** who started the year in **B Grade** last week. Paul has worked very hard to get this far so let's hope he can take that next step. . .
- Heard that a couple of **field umpires**, well known for stocking up on **travellers** for the ride home from training, got it all wrong last week. They had their travellers on the way **to** training. Naughty, naughty boys.
- **Hey Ag** - how are those singlets going? How much will they cost?
- **Remember:** Keep us informed on your upcoming milestones or other major events. We like to give them a mention when space permits. See **Macca** at training or see **Big Mike** at the tribunal.

## COACHES CLIPBOARD

edited by  
**Mike McArthur-Allen**

*A different writer each week will contribute an article. This week Simon Meehan from Old Haileybury has contributed the following:*

As the Senior coach of a football club, making it through the pre-season schedule is a wonderful feeling. There tends to be a huge relief once the season starts and the normality of each week becomes a much simpler task.

In Amateur football the coach throughout pre-season takes on many roles due to the fact that helpers can be hard to find and most of the planning has come from his head.

By the time the actual season gets underway, the faces have re-appeared and the demands on the coach have focussed towards teaching the players his team structure and reinforcing the "fundamentals" of the game. The fundamentals of football are the basic skills and team work which must be executed and adhered to in every game. If we step up a level and wish to succeed, it means we must be able to do the basic fundamentals at a faster rate of speed under a greater level of opposition pressure.

### "The Football Fundamentals"

#### 1. **Disposal Skills**

The more you turn over the ball the less chance you have of winning. Players must practise correctly to reach a level of skill which **minimises** errors and gives confidence to team mates.

#### 2. **Fitness**

This includes physical and mental fitness. One must have properly designed training programmes. Correct food and drink intake and plenty of sleep and rest are essential. To obtain a level of fitness it requires a great deal of self sacrifice and discipline.

#### 3. **Teamwork**

The coach must teach and advise ensuring all are working together. Teamwork is made up with communication, co-operation and co-ordination. Lazy, selfish and individual players cannot be good team players and never understand the necessity of teamwork.

#### 4. **Play On Football**

Knowing how, when and why we play on is something the coach must teach. This basic fundamental is something that "slows" when players become tired or lack confidence in others around them.

#### 5. **Adapting to Conditions**

A good player will adapt to the conditions of each game and thus create the maximum advantage for his team. The differing conditions can include climatic and umpiring – each being of vital importance.

#### 6. **Attitude**

This is the player's state of mind made up of many components – Courage, Performance, Effort, Motivation, Pressure, Concentration and Confidence. Without the correct attitude, success is not obtainable.

The coach who can teach and have his side perform these fundamentals the best will be the one who stands victorious at the end of the season. The objective of each game is to outscore the opposition. There is no magic formulae. However, the side that wins in most positions and makes the least number of errors will usually win. In Amateur football the most skilled side usually wins and performs the football fundamentals the best.

## VAFA-AFCA NEWS

The VAFA has its own sub-group of the Australian Football Coaches Association – AFCA. The Executive of the VAFA have recognised the value of having all amateur coaches better informed about coaching. They have made it mandatory for all VAFA Coaches, Seniors, Reserves, Under 19 and G Section to become members of the VAFA-AFCA and currently **Craig Jackson** from **C'wealth Bank** is compiling details of all coaches. A \$12 membership fee will be debited to each Club's account for each of the above specified coaches. PLEASE SEND THE MEMBERSHIP FORMS BACK TO CRAIG AS SOON AS POSSIBLE AT THE ADDRESS SHOWN ON THE FORM SO YOU CAN BE JOINED UP AND RECEIVE THE BENEFITS ESPECIALLY THE COACHING UPDATE MAGAZINE.

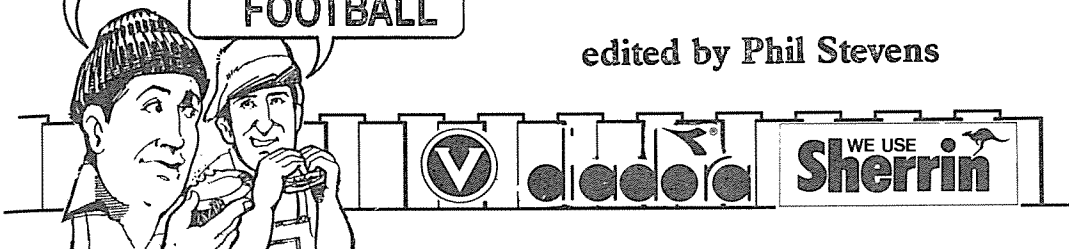

Clubs with vision may see value in having any Under Age team Coaches attached to their club also become members to assist in lifting their knowledge and expertise of coaching. If so they can also join by completing the membership forms available from VAFA Headquarters. Ring 531 8333 to have forms sent out.

### VAFA RULE CHANGES FOR 1992

The VAFA for the 1992 Season has made a few rule changes that players, coaches, umpires and officials have been duly advised about through written and verbal communications. However, the VAFA supporter who trots along to barrack for his or her beloved Club may also like to know of these important rule changes to avoid any confusion arising and hopefully to also give them a feeling of being involved.

The most significant change is that the **50 metre penalty** that has been so damaging given the dimensions of most VAFA grounds has now been reduced to **25 metres**. When applied this is still punitive and no coach will accept undisciplined players causing this penalty to disadvantage his team but at least it is a penalty that is an appropriate distance and will cut down on the extremes of seeing a penalty taking a player further downfield than the average player can kick the ball. The other rule change sees the **abolition of the line across the centre circle** so that now both ruckmen can run in to contest the bounce from the same side of the circle if they so desire. This overcomes the disadvantage at the centre bounce of a team that does not have a very tall ruckman and, after all, it was the only ball-up on the ground where this artificial situation existed.

## Looking Back by Noel Rundle

### 5 YEARS AGO – 1987

Legendary VFL footballer, media and television star, **Jack Dyer** replied to his invitation to the Media Launch Lunch as follows:

Mrs Sue Anderson  
VAFA  
20/3/87

J.R. Dyer  
3 Donbirn Way,  
South Vermont

Dear Sue,

I would like to thank you for your invitation to your forthcoming luncheon.

Unfortunately I will not be able to attend. I would like however to take the opportunity to wish you and your Association all the best for the coming season.

I believe the Victorian Amateur Football Association is the backbone of the game with players playing for the love of the game.

The VAFA has produced champion players of outstanding quality and sportsmanship and I trust in the long run these qualities will take over and restore the image of our great game.

I sincerely wish you the best of luck for the future.

Yours sincerely,  
J.R. Dyer

A real compliment to Amateur Football.

"B" Section must have been very strong in 1986 as the runners-up **Old Xaverians** celebrated their return to "A" Section with a 53 point win over "A" Section runner-up **North Old Boys**. **Old Xaverians** kicked 10 goals in the second quarter – "big bad" **Steve Curtain** kicked 11 for the day with 5 in the second.

Merit Award certificates were awarded to **Harry Thomas** (Ivanhoe), **Keith Sharkey** (Nat. Bank, Old Paradians and Executive), **Peter Lemon** (Old Geelong), **Leon Flegeltaub** (MHSOB), **Shane Maguire** (NOB), **Laurie Taylor** (Balaclava), **George McFaggart** (MHSOB and VAFA), and **Graham Holmes** (Elsternra).

VAFAUA officials for the season were **Ron Lippold**, President; **Ken Coughlan**, Secretary; **Steve McCarthy**, Treasurer.

**Ormond** congratulated **Phil Kingston** on his 100th game. (Phil went on in the next five years to be a magnificent player for both his club and the state – N.R.)

Phil won the U/19 Best and Fairest in 1980. Who did he play with in the U/19 competition?

Closest game to open the season was in "B" when **Fawknor** beat **Uni Blacks** by 4 points, 20.14 to 19.16. Best were **Young** (6 goals), **Buckley**, **Barrett**, **Korp** (7 goals) for **Fawknor** and **Marks**, **Wines** and **Keelar** for **Blacks**.

### 15 YEARS AGO – 1977

Gramm.); **Lance Riky** (Coburg); **Bernie Sheehy** (De La Salle); **Ray Walsh** (Marcellin OC); **George Moloney** (NOB); **David Barclay** (Old Trinity); **Ian Cameron** (Ormond); **Gus Mitchell** (St Bernard's); **Bob Beynon** (Uni. # **WEAR A MOUTHGUARD When Training and Playing!**

**Well done VAFA!**

Our 1991 survey of players showed  
89% of mouthguard owners always  
wear their mouthguard at matches.  
But... Only 10-13% always wear their  
mouthguard at training.

**So, wear your professionally fitted  
mouthguard when training and  
playing football.**

**Make this your GOAL in '92.**
