SPORTSCOVER SUPREME TEAM COMPETITION

No doubt by now each reader of the "Amateur Footballer" will have noticed the centrespread that has explained this year's outstanding competition which has been put together jointly by Sportscover and the VAFA. Similar to other competitions, the Supreme Team Competition asks Amateur supporters and anyone interested in the VAFA to nominate 6 backmen, 6 utility players and 6 forwards who will accumulate points for you on a weekly basis, hopefully accumulating you 800 points which will earn you personally \$20,000 and a further \$20,000 for a VAFA club, if you have nominated a club on the official entry form.

It is necessary for all Press Correspondents to ensure when they are faxing or posting goal scorers to the VAFA, which will be used in determining the Supreme Team Competition, to make sure that each player's name is clearly shown and the number of goals scored is accurate. This is because we must be exactly certain who it is we are attributing points to for the Sportscover Supreme Competition.

The entry to the competition is **FREE**, and represents a real bargain, **\$20,000 for you and \$20,000 for your Club. The closing date is 28th April**, so you don't have much time to get your entry in.

In fact to enter you must examine today's teamlists and use the **CODE** and **NUMBER** as explained below to make your decision and fill in the entry form in today's "Amateur Footballer" or on the forms provided to all clubs - extra forms are available from VAFA Administration.

Postal address is:-

SPORTSCOVER, P.O. BOX 632, MOUNT WAVERLEY, 3149

Chris Nash is the person to contact at Sportscover should you have any enquiries, and you can contact him on **867 9255** during normal office hours. Of course Brian Woodhead is well versed on the subject and you could speak to him as well.

There is certainly quite a lot of interest in the competition, and we urge you all to **get your entry in before the close of business this coming Friday (April 28th)**, and could I suggest that each Club Secretary stamps each entry form that comes past them

with their own club stamp or print the club name so that they are the nominated club on as many forms as possible. Don't let the opportunity to win \$20,000 for the club slip by. **The top point earners (2), should 800 points not be achieved, will receive the following prizes:**

- **A weekend for 2 in Sydney, all inclusive (courtesy Ansett Australia and Carlton Radisson Hotel)**
- **\$250 Diadora Sportswear package.**
(should the "big one" go off, second and third will receive the above prizes).

PROCEDURE:

1. Notice on today's teamlists that each senior team has been allocated a code. (e.g. **AJAX 01, ANZ BANK 02, COLLEGIANS 12 through to POWERHOUSE 48, ST KEVINS 55 to finally YARRA VALLEY being 69**). Only clubs with team's in Sections A to E have been allocated a code (69 teams in all).
2. Once you have found your team's codes that you will be using, use your player's guernsey number as listed to complete the **4 character code** that must accompany the players (backmen, forwards and utilities) nominated. (e.g. Ormond's **Brett Connell** is to be coded as **4507** and if I was to nominate Brett as one of my forwards see how I would list him on the sample entry form shown below).
3. Once you have made 18 similar selections on the proper form make sure your **NAME, ADDRESS, POSTCODE and NOMINATED CLUB** are all filled in, then mail your entry off to Sportscover. Entries posted must show the post stamp of April 28th or a date before to qualify, or be handed in person to Sportscover or VAFA staff **by the end of April 28th**.
4. The scoring starts from Round 4 and continues until the end of Round 18 (you need to average 54 points a week to win).
5. Points accumulate as follows:
 - 1 point for every goal kicked by a player selected as a forward.
 - 1 point for each player nominated as a backman whose senior team wins**
 - 1 point for each vote awarded to a player at the end of season Vote Count Evening, who is nominated as a utility player.

A SECTION by Don Blackwood

UNIVERSITY BLUES AND ORMOND SET EARLY PACE

It's no surprise that Old Melburnians would win their first two matches, but with the best will in the world, Blues and Ormond supporters would be pinching themselves and deserving of a well earned Easter break. Both teams recorded good wins over De La Salle and Collegians respectively, and now share centre stage with OM's, whose comfortable win over Old Trinity brought last year's B Section premiers back a peg or two.

At this time last year, Collegians had scored two wins; joint leaders with OM's and a handy percentage of 121. This year, stone motherless last and a percentage of 33. A solitary goal kicked for the day against Ormond - and in the first quarter. Lions to lambs. Woe betide their opposition this week. But realistically, it is early days. Old Xaverians are coming on line and their performance against the inexperienced North Old Boys shows evidence of real improvement. 15 of their 21 players didn't appear in the prelim. last year, but they are already teaming together well. Competition rivals for finals spots last year, St Bernards and Old Scotch, fought out another predictably close one; this time Bernards having the edge.

REVIEW

Old Xaverians v North Old Boys

It was the Richmond of 'old' down on the fence at Gillon Oval with Barry Richardson and Mike Green head to head leisurely sorting out the Xavs fortunes. New Match Committee Chairman, Tom Johnson wasn't that far away either as they watched a new look Xavs blitz North by 80 points. Throw in a Paul Tuddenham (4 goals), Ben Buckley and mix it up with an Andrew Leoncelli (2 goals) and Andrew Brushfield and all the ingredients are there for a big win. North's young and exuberant team had no answer against these big guns. Paul Booth was outstanding for North and 37 possessions says it all. Marc Kurcyski was strong across half back and Mick Gravina made his presence felt during the third quarter. But that was about the only time North were able to convert against the tough Xavs backs in Buckley, David Landrigan, Michael Holmes and Dale Tapping. Richardson was pleased with the improved performance and how his 'new' team and knitted together. While his opposite number, Tony Cahill, realises his younger players have to concentrate every inch of the way.

Old Trinity v Old Melburnians

The debut opening out at Bulleen didn't exactly go to plan as the reigning premiers, OM's took control from late in the third quarter to run out comfortable winners by 50 points over Trinity. Failure out of the middle at

centre bounces was disastrous for Trinity; beaten around the mid-field and in key forward

positions didn't help either. Back pocket Trevor Norr and Andrew Ramsden in the ruck were excellent play as was Jamie Stickland and Jeremy Sutcliffe. But Trinity were more than competitive and OM's had to rely Scott Teal (3 goals) relishing the move up forward with Micha Berry exploring every inch of the turf on the h expanse at Bulleen. Tim Stuckey is back so it's all g according to Hoyle for the Redlegs.

Ormond v Collegians

Collegians led at the first change kicking the 1 goal for the term, but that was their last for the day they watched Ormond accumulate the next 11 ma and a victory by 62 points. Rick Schober and M Galbraith were off before half time, but still it is uncountable form by the Lions and takes nothing a from the 'Monds' who are displaying their early 1 form over again. Three first gamers for Ormond promising; Craig Kernick (3 goals), David Monk from U19's and Garron Bailey from Echuca. Impres debuts all round. Darren Wood was always at the bot of the pack and onballers in Tim Hill and Brett Corshone. Aaron Harrison, Adam Sheedy and Chris Pol fought hard and that lone memorable goal was score Anthony Wallace.

St Bernards v Old Scotch

More old times out at St Bernards what with Me Zantuck, Harmes and English swapping yarns after game. But matchwise, St Bernards appeared to b control for most of the day, until Scotch came with of a rush at the end to narrow the scoreline. Ground almost dry in this high scoring match where win centre half forward Jason Gollant grabbed five goals at the other end new find Mathew Simpson another 12 in two games. Chris Galthorpe responded to coach's demands and turned in a pearler, while Gollant and John Ferns were terrific players. For Sc Andrew Smith worked as hard as anyone and Ju Hosking is in good form, while other key forward An Millar grabbed four.

University Blues v De La Salle

Highway robbery, it would have been, if De La had snatched the win off the Blues; in fact they still a chance deep into the last quarter. But Blues wer better side all day and scored their second win. Low ing match, but De La's third quarter really put som back in their bellies and gave them a rough ou chance. But Blues were equal to the task at the f and Adam Lennen's four goals was critical. Aaron l and Richard Furphy were named best and for De L better than Tim Jess and ever-reliable Pat Mannix.

PREVIEW

Undefeated leaders, **Old Melburnians** and **Ormond** meet on Sunday at headquarters and an early test for the Brown and Blues. The Redlegs have had a turnover of players, but they are carrying all before them at this stage. Too much class for the young rising stars at Ormond and a win by 27 points for OM's. At the other end of the table, two disappointing sides yet to open their account meet in **Collegians** and **North Old Boys**. Both have suffered severe defeats, but Collegians with that Harry Trott advantage and a rebirth after the absolute shocker last round should carry the day by a narrow margin of 11 points. **Old Xaverians** come up against **St Bernards** with both sides remembering that torrid first semi last year when Xavs were victors. This form will continue into 1995 with Xavs now better and St Bernards still a bit of an unknown quantity. Xavs by 23 points at Toorak Park. **Old Scotch** play old time rivals **University Blues** at Camberwell and there appears definite improvement in the Cardinals camp with more firepower up forward with Simpson, Millar and Co. Stakes are high for Scotch even at this early stage and enough incentive for them to win by 26 points. In the final match, **Old Trinity** play **De La Salle** at Bulleen with the visitors desperately needing a win otherwise that 1994 season will haunt them again. De La will have enough tricks up their well-worn sleeves to defeat the new arrivals by 19 points.

SELECTIONS: OM's, Collegians, Old Xavs, Old Scotch and De La Salle.

EARLY WINTER LEAVES 4 SIDES IN THE COLD

Just as Autumn has seemingly been condemned by our great city this year, so too 4 teams have been sentenced to hold up the B Section ladder after our opening 2 rounds. Haileybury, Nodders, Therry and Parade can enjoy their Easter eggs whilst others can give thanks for the timely break!

REVIEW ROUND 2

1994 C Grade Premiers **St Kilda/Sth Caulfield** (you're right Drew, it is too long!) faced a pretty tough task when they met **Old Haileybury** who had just come off an easy win over OM's. From the Saints' point of view, the only positive aspect from the game was their pleasing 1st term where they outscored Bloods. However, experience counts for much and in the 2nd, the Bloods piled on 9.5 in 11 mins after Saints had started well. After a torrid and hard fought 3rd term, OH again slammed 5 majors in even time to take an easy win and pole position. Saints' skipper Fin Buckley had a day out in the Ruck whilst Reece Williams at CHF battled hard against the experienced Ralphsmith. 'Bugs' Ryan performed his tagging duties on Nick Morey with distinction.

Unbelievable as it may sound, but **Banyule** lost . . . and I picked it! - good guess, no doubt! **Old Paradians** must have thanked their lucky stars that the Bears were off target early as they dominated play but managed just 2.9 in the 1st. In the 2nd term it was the Bears' disposal that let them down aided by terrific OP pressure. The "fizzer" turned into a "sizzler" momentarily as OP's led by just 9 in the last before finishing strongly by 5 goals. Matty Phelan was brilliant on a wing with 5 goals and Jamie Geary dominant in the Ruck for the winners whilst Johnny Gillham again claimed the pivot as his and was supported well by "Hoota" Gray in defence and Dave Witchell up forward.

Any thoughts **Therry** had of an easy game against **MHSOB** were unfounded as the Schoolers led at the 1st 2 changes and trailed by a goal at 3/4 time in shocking conditions. After Tony Cafry missed 3 fairly easy shots in the final term, Therry bottled the game up and added 2 goals to win by just 13 points. The injury and subsequent withdrawal of MH CHF Jason Bomert in the 2nd 1/4 was a big factor in the turn around as he was on fire early on. In a very encouraging effort from the boys, Rob "Chief" Newton dominated the Ruck and HF's Dan Woodley and Peter O'Brien bagged 9 between them. Therry welcomed back former captain Scott Ramsay who revelled in the heavy conditions and Jason Reddick and Kieren Fitzpatrick's desperation across HB and wing was inspirational throughout.

The Beach Rd oval is difficult for football at the best of times but our early winter made it unbearable, howev-

er, **Old Brighton** used the conditions to their advantage and scored a 67 pt thrashing over the hapless **Bulleen-Temp** who are struggling at present. At the main break, the difference was just 9 pts after which the Tonners ran riot with 10.7 to 1.3 putting the Bullants on the bottom rung. Key forwards Bradley and Templeton booted 6 apiece for OB's with Andy Prior winning many possessions around the packs. "Skip" Drive was, as usual a key player for the Bullants in the pivot with "Ice" Cumming at CHF and Chris Parris also happy players.

The predicted "fantastic contest" between **Old Mentonians** and **Mazenod** began as a comedy for Panther supporters as Nodders misunderstood which way they were kicking first up and OM's put a quick one on the board. The smiles were slowly eroded away as the game went on and probably turned to tears by final siren as Nodders, after leading by 17 at 1/2 time, belted 2 Panthers with 8 goals to 1 in the 3rd. The final term was of little consequence as the smiles were then transposed to Mazenod's faces. Mazenod's leaders showed the way day with v/c Dave Murray, Capt Scott Belleville and the veteran Mick O'Hara dominating proceedings throughout. Panther defenders Mathew Brooks, Nick Macquinn and Ashley Olin played very inspiring football with Brooks, in particular, unstoppable across half back.

PREVIEW ROUND 3

Match of the Day today sees **Old Haileybury** play host to **Old Paradians** with both sides as yet undefeated and keen to make a break on the field. The Bloods have been most impressive in the opening 2 games with wins by 53 and 84 and, despite OP's 2 and 0 count, I think they'll be too good in what should be a great game. **Haileybury by 25 points.**

Therry just scraping in and **Banyule** let down poor kicking sets their clash up as another beauty at the Bear cave. **Banyule's** 1 pt win over Saints last week has had anything to go crazy about but they showed good fight last week and will take this game right up to Therry I'm not quite enough. . . **Therry by 7 points.**

Melbourne High proved last outing that they will certainly trouble sides this year, perhaps more than just a little trouble, and this just might be the game they begin to they host **Old Brighton**. Once again, I don't believe in the thrashing of Bullants is an accurate yardstick although they're winless, I'm tipping a mini-upset - **Melbourne High by 19 points.**

Bulleen-Temp v Mazenod shapes as a very one-sided contest at this stage with Bullants obviously lacking firepower after the loss of Kenyan and Pacey really posing much threat to Nodders who have a very good on-ball combination and plenty of available targets. . . **Mazenod by 6-7 goals.**

The last time **Old Mentonians** and **St Kilda/Sth Caulfield** met was 5 years ago, Panthers victors on both occasions, however, that was then, this is now and the loser of this game faces a very difficult task ahead indeed. The dominance of Finn Buckley must be countered by Toner and I expect Darren Murphy will have the Bergman task assigned. Unless OM's get more out of their forwards, they will struggle . . . **Sainters by 20 points.**

SELECTIONS: Haileybury, Therry, MHSOB, Mazenod, St Kilda/Sth Caulfield. **DREW'S TIPS: The same (bit boring mate!)**

C SECTION by Peter Lemon

ROUND 2

It was very much a case of low-traction action in Round 2 with games played in slippery and greasy conditions. My prediction before Round 1 that C Section would be a closely contested affair is totally on track, with just one Club undefeated (**AJAX**, and they must be desperately worried about their percentage) and just one Club without points (**Old Ivanhoe**, and their losses have been by fairly small margins).

Out at Donvale two weeks ago, the Baby Friars, with 9 of last year's Under 19s representing the side, swamped Monash in the final term, kicking "8 straight" to 2-1 for a comprehensive victory in appalling conditions. (If this were a tabloid publication, and after last week's column, we'd be headlining the question: "Are **Monash** too old!"). Despite the new-comers, it was many of the old-stagers who gave **Whitefriars** their drive: the **Carbano Brothers** and "**Slammin**" **Cameron Houston** were dominant, whilst **Andrew Lacy's** goal in the second term will be long remembered, especially by himself! For Monash, their better players were **Julian Smith** (again) and **Jeremy Smith** (Who's his brother) and **Darren Smith** (who isn't related).

I'm expecting a big cheque in the mail from **Ivanhoe** who were never in doubt after reading they would lose. From mid-way through the first quarter they dominated their game against **St Kevins** by virtue of some outstanding tackling and the wet-weather goal-kicking skills of "**Slug**" **Flynn** who bagged no less than 6. Backman **Garry Kennedy** and **Rowan Armstrong** added to the visitors' woes, and the further things went, the worse they got. **SKOBS'** big-man strength seems to have disappeared into the mud, with the only players receiving mention being new Deputy Vice **Captain Chapman** who did well in defence, teaming up with **Nat Cover**, whilst **Hartley Stone** was one of the few forwards to get into the game.

St Bedes Mentone Tigers notched up their first for the season, apparently leading all day and doing very much more on the forward line than the visitors. After the drought of last year's second half, the celebrations were doubtless loud and long. Again, however, No Report equals No Coverage, guys, but at least I do get the name right! For **Old Ivanhoe**, **Scotty "Clarke" Kent** did well in defence, assisted by **Daniel Goad**, the **Two Georges** and **Marty Veal**.

It's never over until the weight-disadvantaged lady sings, and any Club playing **AJAX** should bear that in mind. They never give up. And as they came back against **Ivanhoe** in Round 1, so they came back against **Old Geelong** in Round 2. **Old Geelong**, with big men **Math Wilson**, **James Taylor** and **Andrew Howells** bat-

ting hard, appeared to have a match-winning lead on a number of occasions, but **AJAX** improved as the ground dried out and just kept on coming. Their final term, spearheaded by the small brigade led by **Danny Pat**, **Brian Goldberg** and **Rod Bloom**, saw them edge in front to clinch a thriller.

There wasn't much in it at **Kew**. The home side started slowly, but had levelled things by half time. New player **Duncan Millard** was giving considerable drive on the wing, and **Marlo Bria's** fine second-quarter goals really lifted the side. However, **Kew** did little with the wind the third, whilst **Marcellin's** fourth, against the wind was too good. There was no report from the Eagles.

This week's games: Round 3

With a somewhat marginal 1 out of 5, I appear to have dropped back slightly in the VFA's "Tipster of the Year" contest. Today **Old Ivanhoe** are at home to **Whitefriars** and will be desperate for their first win (not having lost a game at home for two years before Round 1, 1995). In addition, **Whitefriars** have yet to do anything much away, and I expect **Old Ivanhoe** to open the account. **Monash** made little impression against **Ivanhoe** last year and (despite the obvious set-back resulting from this prediction) **Ivanhoe** can be expected to win. **Kevin's** are at home to **Old Geelong** with both teams needing a win to keep with the pace. **OGS** should be back to full strength and this could be a great contest. Home side advantage to win it for **SKOBS**. **AJA** impressed me at the times when it mattered most last round, and **Marcellin** will have their hands full. **AJAX** come from behind and win by between 1 and 3 points. And it's another home game for **St Bedes Mentone Tigers**: I think the boost from their last effort might just see them take the points against **Kew**.

Press Correspondents: Please contact me by lunchtime Monday - fax 663 8618 or phone 663 8611. (Please note all "Goal Kickers" and the six "Best Players" go to the VFA on the required forms. You should supply me with a brief game summary, a few better players (with Give Name) and some game highlights (if any) from your Club. Because of copy deadlines, information supplied after lunchtime Monday may not be included, and received Tuesday cannot be included.)

And I'm still thinking deeply about that fax I received today. The sender suggested I wouldn't know one end of a football from the other.

D SECTION by Tom Brain

The Rovers bring the Blacks back to earth with a thud while Thomastown surprise the Wells. The Cy's surprise us all with everything else going according to plan as we come off the Easter break to start our season for the 2nd time.

REVIEW

In very difficult conditions (this appeared to be universal on Saturday) Caulfield were comfortable winners over Glenhuntly, where the scoreboard accurately reflected the difference between the 2 sides. Aided by a handy breeze, Grammar set up their victory with a 5 goal first stanza and were then never headed, increasing their lead at every break. Dicrosta, Farmer and Wilson were all strong contributors as well as Webbie with 6 majors up the forward area. For the Hunters Turner battled hard in the ruck all day while Gilmour and Kouts never stopped trying.

The Wells made the trek across town to tackle a confident and aggressive Thomastown side. It was to be an important test for both sides with the winner sure to gain a huge psychological advantage. It was an excellent game of football between 2 very strong sides. With 5 minutes to go there were only 2 points in it, but then the Towners kicked away - scored a couple of vital goals and secured the very valuable 4 points. Best for the home side were Smithy, Junior Grechy, Farch, Ant, Sludge and Potts. For the Wells who would have been disappointed with the day's events Kyriacou, Leitich, O'Hara and the consistent Spurrirt all played well. This is just a minor setback and the Wells will bounce back.

Williamstown regrouped very quickly and made a bigger comeback than Dame Nellie Melba to score a resounding victory over a disappointing Parkside. They had faith in their players making only 2 charges from the previous week and all responded magnificently. Big Bad Boris Cetinich set it all up from the ruck, Teetotal Tom Canon kicked 8 twins and soon lost that tag. Nato Bezzant and Pretty Boy Calderwood were also good forwards. In defense Steve Weir led a miserly backline well backed up by Brett Hann and Robert "Melon Head" Evans while for the 2nd week in a row the Red Devils remain silent.

In very ordinary conditions out at Dandenong the Bankers scored their 2nd win for the season over St Johns who are still finding their feet in D Grade. Southbank had the wind in the first term and squandered their chances by scoring 2-7 to 2-0. St Johns used it well in the next quarter and went to the long break with a slender lead. The OC's held sway during the third term but couldn't capitalise fully with the Bankers kicking a couple of goals to hold a lead of 8 points at the orange break. A lead that one felt was perhaps not enough. But in a dour struggle against the odds, the visitors found something extra to kick 4 goals into the wind

while keeping St Johns goal-less to score a meritorious victory. MVPs were Kain "Cock" Sparrow who as a rover makes a good back pocket, Ara D'Silva and Boz O'Sullivan.

In the swimming pool at the University the Rovers had an easy victory over an overwhelmed Blacks (a Yes Donnie it was Easy). The Hampton boys took while to adapt to the water and were a bit flat in the first term, but after that the result was never in doubt as they proved that their Round 1 performance was no fluke. The home side came off their high very quickly and luck have 2 weeks for a bit of a rethink. Chris "Softie" Scarlett certainly was not Soft as he dominated in the ruck. Doris Continued his excellent form to totally control the backline and Mark Luxmoore revelled in the slippery conditions. Still waiting for the dinner Birra!!

PREVIEW

9/10 after 2 weeks is pretty good considering past record. Let's see what this week brings.

Even at home Glenhuntly will be unable to reproduce their form from last year's Grand Final, I think Johns will turn the tables on them and happily record their first 4 points.

Old Camberwell will bounce back from their minor hiccup last week to inflict another defeat on the hapless Red Devils.

University Blacks and Williamstown should be a very even affair. They had a couple of big battles last year. Home ground advantage means a lot and the Rovers may sway me to tip the Uni Boys.

Southbank will trouble Thomastown for most of the day but I feel at the end the Towners will just have their noses in front.

Caulfield Grammar move down south to tackle the rampaging Hampton Rovers I think the Rovers will win but it will not be Easy and they would be well advised not to rest on their laurels and not take the young rampaging Caulfield boys too lightly.

Highlights from Round 2 of VFA football were a plenty. What with the weather being extremely inclement, who would have thought last year's A Section Runners Up would manage only one goal for the match. We have no doubt that **Leigh Carlson** would have had some stern words to **Collegians** following their solitary goal in Round two. In trying conditions all players were tested but none more so than the **Monash Gryphon** defence who went down by 18 goals to **Elsternwick**. Many games were very high scoring, with **Swinburne Uni.** registering their first VFA win against **Collegians** in Club XV III South. Individual highlights were **T. Canon** from **Williamstown** booting 8 out of 17 goals, **M. Andrew** kicking another 10 goals for **Elsternwick** and **St Leos U19** player **Hanricks** slamming through 10 goals on Sunday at Elsternwick Park against **Chirnside Park**. It looks definitely like being another year of great footy in the VFA, so roll on Round 3.

**F.I.D.A .
REPORT**

F. I. D. A.

The 1995 season commenced with few problems except the inclement weather. Although the season crept up on many of us the teams were all well prepared and generally well organized. The inclusion of two teams from Bendigo added another dimension as did the increase to twelve players per side.

The results were:-

Division 1:

Bendigo Warriors	14.15.99	d.	Heidelberg Bomers	0.1
Mitcham Tigers	8.5.53	d.	Chadstone Chargers	7.0
Footscray/Sunshine Underdogs	-	bye		

Division 2:

Hawthorn Centrals	4.10.34	d.	Ringwood Blues	5.3
Magpies	11.13.79	d.	Bendigo Warriors	2.0
Werribee Toyota Crows	-	bye		

Division 3:

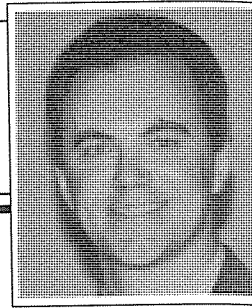

Karingal Bulls	17.10.112	d.	Parkside (1)	1.0
Magpies	18.10.118	d.	Parkside (2)	0.0
Broadmeadows Kangas	-	bye		

Outstanding player for the round was **Joel Noonan** from Karingal Bulls.

DIADORA

E CENTRAL SECTION by Darren Briggs

The results from Round 2 left E Central with four unbeaten sides with the remaining five teams looking forward to their first on-field victories. **North Brunswick** and **Old Essendon** again scored the most convincing wins and it is clear that these two sides will provide the measuring stick throughout season 1995. The improved performances by **West Brunswick** and **Old Westbourne** (first and reserves) suggests that these sides will continue to improve in upcoming rounds.

REVIEW - ROUND 2

At Bundoora, **Old Westbourne** took full advantage of first use of the wind and charged to a four goal advantage over **Latrobe** at quarter time. Intelligent defence in the second term saw West stifle the students' advances and maintain a handy 3 goal break at the long interval. Latrobe Coach Shayne Rule's request for a more desperate and committed effort was answered after half-time, though it took the students until midway through the last quarter to get their noses in front. A flying snap by Westbourne livewire **M. Grima** hit the post and this effectively ended the visitors hope of an upset victory. Best for Latrobe were full-back **Adam Cole**, half-back **Murray Lewis** and specialist mud-runner '**Redda**' **Funnell** while for West **M. Grima** (4 goals), **Robson** and **O'Malley** were the main contributors.

As predicted, flag favourites **North Brunswick** enjoyed their Turtle feast, using a barnstorming 12 goal third term to complete a percentage boosting 25 goal win. To **Eltham**'s credit, they fought the game right out, with their persistence rewarded by a four goal final term. Best for the winners were **Chris Keay** in the pivot, CHF **Phil Ongaro** (6 goals), half forward **Jamie Miller** (5 goals), half back **Jason Thompson** and **Peter Dimarco** on the ball. No news yet from the shell-shocked Turtles.

No match report received from correspondents of **UHSOB** or **West Brunswick**, though as predicted the Westies were far more competitive than the week before, going down by only 3 goals. **UHSOB** remain undefeated after the first two rounds, though this tipster is yet to be convinced that the Zoo neighbours are a valid threat for a finals berth in 1995.

At East Keilor, the match of the day saw **Uni Reds** start positively, kicking the first two goals of the match. However, this only sparked the superfit **OEG** unit into action, which gradually overpowered the students before cruising to a comfortable 4 goal victory. Best for the home side was on-baller **Billy Pana** (5 goals), half back '**Lester**' **Pigott** and rover **James 'Yosemite Sam' Lang**. No news received from Brunswick Street.

Newlands Coburg had the bye.

PREVIEW - ROUND 3

At Hoppers Crossing, the improving **Old Westbourne** play host to the demolition crew of **North Brunswick**.

Westbourne were a little unlucky not to get the four points at Latrobe last week but are likely to find the green and gold an entirely unforgiving opponent. A win is not far away for Westbourne but **North** just have too many big guns blazing - **North Brunswick** by 10 goals.

UHSOB head into greenie country to face a bruise and battered **Eltham**. The Turtles are finding the jump into E Grade a difficult ask and Coach Matty Ryan will be finding it difficult to install confidence into his players after two heavy losses. While I expect **Eltham** to be far more competitive at home, the unbeaten **UHSOB** will not drop this one and should emerge from timber country winners by eight goals.

At Brunswick Street, **Uni Reds** host a restive **Newlands-Coburg** unit who would be still smarting from their shock first round defeat at the hands of **UHSOB**. The Reds were fairly competitive against **Old Essendon** last week which I believe is good enough form to win this. **Uni Reds** to open their account by 5 goals.

At Bundoora, the Match of the Day sees unbeaten sides **Latrobe** and **Old Essendon** clash. The students were not impressive in beating Westbourne last time and will have to improve considerably if they want to prevail over the confident **OEG** line-up. While Latrobe are very hard to beat at home, form suggests they will not upset **OEG**, who have not really been tested in their opening two victories. **Old Essendon** by 25 points.

West Brunswick have the bye.

Press Correspondents: Still waiting to hear from clubs such as **UHSOB** and **Eltham**. The numbers Monday 5.00 p.m. are Phone: **879 1411** (H), **602 0600** (W) or Fax: **602 0727**. More than happy to mention upcoming milestones or social events.

E EAST SECTION by Barry Hickey

Football is a winter game, but Saturday was ridiculous! What happened to Autumn? Was it too, a delayering victim? Pat Maebus and Stewart Davie were looking with evil intent at their escort's anorak as they went on the ground at the Carey Sports Complex, and no wonder. Bulleen United, St Leo's Wattle Park, and Old Carey go into the Easter break a game clear of the pack, which in a competition as tight as this, they may well be thankful for come August.

ROUND 2 REVIEW

Even with their cricketers back, **Aquinas** found **Yarra Valley** too much of a handful at Domeney Reserve. There was no surprise in YV's win, except in the margin. Aquinas were up against it right from the start by losing the toss and kicking into a driving wind. YV's youthful, superfast side had a 7 goal break at quarter time and never looked back, in a very even team effort. Quin, Grierson, Hyland, and Phelan struggled hard for Aquinas, but to no avail on the day.

Canterbury Nth Balwyn ensured that Bulleen Reserve's reputation as a tough place for visiting teams was maintained by a solid win over **Chirnside Park**. CNB is a few goals better outfit than last year and will be having a lot to say about the final four composition.

Balwyn Combined seem to be in a spot of bother, and were no match for **St Leo's Wattle Park**, who are looking ominously like their 1992 form. Hopefully the Combine can recover from a couple of bad games, and return to the winning lists after Easter.

St Mary's were able to contain **Bulleen United** to a more sensible score at Ferndale Park, but Bulleen were still comfortable victors. The actual game was closer than the scores indicated, with Bulleen, as good sides always do, capitalising on some Saint's errors in the third term, to build what proved to be a winning margin. The Saint's had good players in Ross, HBF, Stewart in the centre, and their ruckman, Livingstone.

Old Carey were able to hold out **Richmond Central** in a good old fashioned slog, after the C's gained a break in the first half. Central had the better scoring in the 2nd half, and the C's didn't help their own cause with some below average shooting for goal in the last two terms. Until the ball metamorphosed into a lump of concrete, the game was of a high standard containing some great passages of play from both teams. The C's had outstanding games from flankers, Nick Everett, Chris Hughes, and Hamish Morrison, while the Central's fullback, Gerard Malcolm, hardly let anything past all day, and he was well supported by Rob Sutherland at HBF, and Bill Katelis at CHF. On the day, the C's had too much overall talent.

ROUND 3 PREVIEW

Aquinas play **Canterbury Nth Balwyn** at Ringwood in a must win game for last year's benchmark team.

Hopefully, the return of Aquinas' full forward will see them closer to full strength, and they will be able to get their running game into top gear. If the weather is fine the A's should win a close one by a goal or two, but any sort of a heavy ground and CNB strength will give them the four points by a similar margin.

Chirnside Park host **Balwyn Combined** and, on performance to date, the Parkers should have a comfortable victory by 6/7 goals.

St Leo's Wattle Park are at Bennettswood to the visiting **St Mary's**, and let's hope the weather is fine for what should be a great game of footy. In a game between two 'possession' specialists, the winner will be the team with the most creative playmakers, and at this stage they should tip the odds in favour of St Leo's by around 3 goals.

Bulleen United meet **Richmond Central** at Koonung Park and have every right to start favourites, following their strong opening to the season. However, Central have been short of a few players to date, and will improve as these return, while their backline will fully test Bulleen's scoring ability. In a close match, Bulleen should have too many guns, and be a couple of goals ahead at the final siren.

Yarra Valley are at home to **Old Carey** in what should be another terrific game. YV's fast, open, possession play will test every side this year, and they have every reason to be confident going into today's contest. The C's loopy kicking and marking style is gradually taking shape, and will be an interesting contrast to YV's preferred method. The battle of the midfield will probably decide this game, as both teams have plenty of talent up forward. A hard one to pick, but the C's have the overall strength to take out a nail biter by a few points.

Reserves victories should go to: **Aquinas, Chirnside Park, St Leo's Wattle Park, Richmond Central, and Old Carey.**

Correspondents, again there was no news from Round 2 games, please phone 547 9144, or 547 7764 up to 6.00 p.m. on Monday.

SUPREME TEAM RULES & CONDITIONS

1. The competition will commence with the start of round 4 on Saturday 29th of April 1995 and will end with the last game of the Home and Away rounds.
2. Only one entry per person will be accepted.
3. Points will be allocated as follows:
 - * 1 point for every goal kicked by a player selected as a forward
 - * 1 point for each player selected as a backman who's senior team wins its grade match
 - * 1 point for every vote in the best and fairest awards received by a player who is selected as a utilities player
4. Entries must contain 18 individual players registered with the VAFA at the commencement of round one.
5. Entries without a nominated club will be eligible for individual prize only.
6. Clubs will only be eligible for the club prize if they have purchased Sportscover player accident insurance for season 1995.
7. Entries will only be accepted on an official entry form.
8. The winner will be decided by MR PHILLIP STEVENS of the VAFA and MR PETER NASH of Sportscover. Their decision shall be final and no correspondence will be entered into.
9. The winner of the competition will be the entry with the highest number of points. Should two entries achieve the same number of points, the winner will be decided on a count back basis. Firstly the entry with the highest number of best and fairest votes (utilities), then the highest number of winning games (backmen) and finally the highest individual goal kicker.
10. The grand prize will be \$20,000 paid to the winning entry which achieves the highest number of points over 800 and a further \$20,000 will be paid to the club nominated on the entry form if they are eligible.

E SOUTH SECTION by Michael Noonan

Only the top four teams remain unbeaten after a revealing Round Two set of matches. **Beumaris**, **Powerhouse**, **Elsternwick** and **Salesian** all kept their perfect records intact, while **St Pats** notched up its first win for the season in trying conditions.

At the bottom and, **Oakleigh**, **ANZ Bank**, **Monash Whites** and **Monash Gryphons** have all yet to open their accounts and will be hoping that this is their week.

REVIEW

As predicted, a confident **Beumaris** managed to delight their home crowd and keep their eye on top spot with an impressive 88 point win over **ANZ Bank**. Despite trailing all day, the Zedders fought valiantly with the help of **Gavin "Bam Bam" Larkin** in the centre, **Rick Wills** on half back flank and **Adam Jeffrey** at centre half forward. Beumaris, however, were far too strong on the day, making better use of the ground and the conditions and easing to what will undoubtedly be the first of many big home game wins.

Last year's F Grade Grand Finalist, **Oakleigh**, suffered their second loss for the season at the hands of a much improved **Salesian** at Oakleigh. Salesian, who finished in ninth place last season and were destined for relegation before the E Grade restructure, have begun the '95 season with a vengeance, knocking over St Pat's in Round One and doing the same to the Krushers by 10 points in Round Two.

After their disappointing effort in Round One, **St Pat's** got off to a strong start and led all day in a gutsy 16 point win over **Monash Whites** at Clayton. Led by strong performances from their Coach and centreman, **Brett Sebire**, and ruckman, **Brenton Burns**, the Patters moved the ball well in the trying conditions and will be happy to have notched up an away win this early in the season.

Elsternwick claimed top spot and added to their already healthy percentage with a no-holds-barred 115 point victory over **Monash Gryphons**.

Powerhouse hung on in a low-scoring affair to record their second win for the season against **Peninsula**.

PREVIEW

ANZ Bank will be looking to notch up their first win for the season when they take an impressive **Salesian** side at Moorabbin. The Zedders tried hard against Beumaris in Round Two and will try even harder when faced with a home ground defeat. Salesian, however, are on a winning streak and their confidence and youth will be too hard to beat.

Beumaris will be keen to impress their home crowd for the second game in a row when they take on an unbeaten **Powerhouse** in the E South Match of the Day.

Beumaris are quickly becoming the yardstick in the competition and should today affirm their strength with a six goal win and leadership of the E South ladder.

Elsternwick will have a lot to prove when they play host to a fiery **Peninsula Pirates** side at home. Although the Wicks have won their last two, today will be a true test of their character and ability. The Pirates are coming off a narrow loss and will be hard to beat. Peninsula by 8 points.

St Pat's will be hoping to record their first home game win for the season when they hit it out with **Monash Gryphons** at Southern Road this Saturday. The Gryphons struggled in the first two rounds and will be keen to show the rest of E South that they are not going to be 1995's "percentage booster". St Pat's, however, play well with confidence and should notch up their second win quite comfortably.

Oakleigh should finally join the winner's list when they take on a struggling **Monash Whites** side at Krusherville.

REVIEW OF ROUND 2

Round 2 was played in really testing conditions and the adage that wind and rain are great football levellers was borne out by many results.

NORTH

Therry again won easily. **Marcellin**, at home, could not extend the section leaders who romped home with a seventy three point victory. My suspicions about **St Bernard's** prospects may have some substance as the **Saints** proved no match for **Eley Park** who won in a canter by twenty six points. Had **St Bernards** kicked straighter they could have reduced their deficit. This inaccuracy could have repercussions in August! **Hawthorn Citizens** gave more evidence of their talent when they defeated reigning premiers **Kew** by the minimum margin. The game was a very even contest in which conditions and pressure contributed to marked inaccuracy by both sides. Unfortunately lack of players prevented both **Old Paradians** and **Bulleen Templestowe** meeting their commitment. They thus gave **North Old Boys** and **Old Trinity Grammarians** - a walkover.

SOUTH

Old Brighton showed they will be a threat to all sides, when, with improved accuracy, they recorded a twenty point victory over **St Kevins**. **Old Scotch** had a real day out against **Old Geelong** who troubled the scorers only once. **Scotch** won as they liked by ninety-five points. **Mazenod** had little difficulty in defeating **V.U.T.** by fifty points after a fairly one sided contest at **Waverley**. Reigning premiers **Old Xaverians**, despite inaccurate forward work, comfortably defeated **De La Salle** by twenty three points. The closest game of the day was at **Albert Park** where **Collegians** showed a big improvement to only fail by three points against **Swinburne University**. **Old Melburnians** proved far too strong for **Bloods** and despite inaccurate kicking, ran out comfortable winners by thirteen points.

PREVIEW OF ROUND 3

NORTH

Therry should be able to win their third consecutive game by defeating **Old Paradians** who have yet to take the field. **North Old Boys** will severely test **Eley Park** who return to **Brunswick** where they won last season's first semi final. I select **Eley Park** to win narrowly, after a close game. **St Bernards** will have to be at their top to defeat talented new comers **Hawthorn Citizens** who have done everything right in the first two rounds. I select **Hawthorn** to achieve the virtually impossible by defeating **St Bernards** at **Niddrie**. **Kew** will be anxious to atone for their round 2 loss when they meet a local

school side, **Old Trinity**, today. Although **Trinity** have not had much chance to display their talent, I still favour **Kew** to win. Neighbouring sides **Marcellin** and **Bulleen Templestowe** will meet at **Marcellin**. Although neither side has experienced **Therry** I favour **Marcellin** to win narrowly.

SOUTH

Old Scotch who are notoriously poor travellers, drawn to play **Old Brighton** at **Brighton Beach Oval**. The local zephyrs, **Old Brighton's** form and **Scotch** poor away from home record all prompt me to select **Old Brighton**. **Mazenod** should be able to win comfortably even at **Como** against **Old Geelong** who have started the season poorly. **Old Xaverians** journey west to meet **V.U.T.** who continue to struggle to remain competitive. Today I believe **Old Xaverians** will be able to win their third consecutive game. **De La Salle** should be able to return to the winning list against **Collegians** despite their **Lions** good display in round 2. The match of the day will be that between **Swinburne University** and **Old Melburnians** at **Rathmines Reserve**. As I believe **Old Melburnians** will be finalists, **Swinburne** can gauge their strength today. After careful consideration and conscious of **Swinburne's** potential and coaching I select **Old Melburnians**. Two first round winners who failed Round 2 play the **Righetti Oval** where **Bloods** visit **St Kevins**. **Bloods** gain my selection because of their proven record of consistently good play over many seasons.

REVIEW OF LAST WEEK'S GAMES

DIVISION ONE

A very brief report in this section as only **St Bernards** took the time to contact me. They reversed last year's result when they rolled the **Noddors** by 22 points with their scoring shared by 9 players. In an even team effort some better efforts came from **Tankey**, **Ballarin** and **Ianzano**. Thanks to **Norm "Hagar" Nugent** I can tell you that **Blues** 2nd half saw them get home comfortably from **Parade**. Hagar saw **Carter**, **Dawson** and **Hunter** as the Students' best and **Eccles** and **Malata** as best for the Bundoora Boys.

BLACK LIST: **Collegians**, **De La Salle**, **Uni Blues** and **Old Xavs**.

DIVISION TWO CENTRAL

Both coaches complimented the umpires' performance in slogging conditions in the **Scotchies** versus **NOBs** game won by **Scotchies** by just 5 points. Steve classed his boys' effort as the best gutsy effort in his 4 years in the job with a special mention for **Tim Pritchard**. **B/Temp** worked very hard off the field after Round One and got a full squad together and they put up a good effort against the **Towners** in their first game together. However, with **Greg Warren** booting 7 and good efforts from **Chris Matthews** and **Matt Holland**, the **Towners** ran out victors. **Caulfield** showed they aren't going to be the pushovers of the past 2 years when they were just pipped by **Carey**. Special praise in this game was given to the umpires and also to the scoreboard attendant who didn't abandon her post despite the "arctic" conditions. **Matt Spencer** added another 6 to his tally while the move of skipper **Chad Esler** on to the ball was a key factor in **Carey's** win. **Jared Jones** and **Radek Sall** will go into the form books as "wet track horses" after their good efforts in the mud. The **Friars** fielded a vastly different team from the first round and easily accounted for the **Redbacks**. **Liam Eames** used his pace to notch 4 majors with **Ban Den Boom**, **Davis** and **Winterburn** (wouldn't have got that last week!) doing well for the winners. **Leos** won a lacklustre game at H.Q. against an undermanned **Chirnside** with **Henricus** booting 10 and **Thomas** and **Newey** being amongst their many good players.

BLACK LIST: **Marcellin**

DIVISION TWO SOUTH

Special thanks to **Beaumaris** for winning on Sunday thus saving me from my first ever tipping "whitewash". However, a spirited second half by the **Tones** really kept the **Sharks** honest. **Boctor** got 5 for the **Sharks** while the "Macs" - **McGrath** and **McIver** - did well while **Thatcher** overcame the "distractions" of his "mate" (No. 23) to put

in a good effort. **Rovers** kicked straighter than the **Saints** to get home by 21 pts with their best being **Kirby**, **Zuker** and **McGregor**. **Ashers** bounced back from the previous week's loss to thump the **MONDS** by 50 points with **Bain**, **Weekes** and **Dobson** their best.

BLACK LIST: **O. Brighton**, **St Kevins**.

PREVIEW OF TODAY'S GAMES

DIVISION ONE

Bernies will give **Xavs** their toughest hit out so far this year at the Keilor Cauldron which has never been a happy hunting ground for **Xavs**. **Bernies** will be keen to avenge last year's finals loss in extra time but I think they'll have to wait till next time around. **Collegians'** form against **Jackers** had its highs and lows last week and any inconsistency today will see the **Roys** take advantage and I think the home team boys can win. **OM's** showed improvement last round and a repeat could get them their first win today but I thought a repeat of **Jackers** effort last week would be good enough to enable them to open their account. Even at home, I would think that **De La** would have to improve on last week to beat the **Students**. **Noddors** and **Parade** have both lost to **Bernies** but I think the home ground advantage should get **Noddors** home.

SELECTIONS: **O. Xav**, **Therry**, **AJAX**, **U. Blues**, **Mazenod**.

DIVISION TWO CENTRAL

After last week's effort, **Scotchies** could be hoping for another wet ground but, even if they get it, I can't see them rolling the **Eagles** today. **NOB's** will be determined to bounce back from last week's setback and that is bad news for the **Bullants** who will need another week or two to get their best combination together. Two undefeated teams, **Williamstown** and **Carey** meet in today's main game and I don't think the trip across the Westgate will wear the **Carey** boys out enough to let them lower their colours. **Caulfield** host the **Redbacks** and a repeat of last round's effort will see them home at Pokies Park. If **Friars** can repeat their effort of last week today against **Leos** they'll win and I expect them to because they're goals better at home. **Blacks** should open their account at the expense of **Chirnside**.

SELECTIONS: **Marcellin**, **N.O.B.**, **O. Carey**, **Caulfield Grammar**, **Whitefriars**, **U. Blacks**.

DIVISION TWO SOUTH

Brighton and **Skevs** both had good wins last week but I think **Tonnors** will make it a "hat trick" for them as their "infamous" home ground advantage will stifle **Skevs** "winning run". **OGGS's** hopes of breaking the ice will be

put on hold for another week as I can't see the Ashers missing the chance to get as many wins on the board as possible before the dreaded Uni. holidays. **Monds**, on the rebound, may just edge the **Rovers** out at home whilst **C'well** should also rebound against **Mentone** who only need to repeat their last half from last week to cause an upset. **Beaumaris** won't need to go to sleep for half a game like last week if they want to beat the **Sainters** but I think they are good learners and will finish in front today.

SELECTIONS: O. Brighton, Monash, Ormond, Beaumaris, O. Camberwell.

Press Correspondents: A pathetic response from Div. One last week. Winning clubs please ring on Sunday only (p.m.) this weekend as I don't return from hols till then. Phone **059 74 1935** or **018 034 049** with best players etc. or fax Monday on **645 3711**.

SLAB CHALLENGE

This "honourable" award is back and very easy to decide who to challenge this week - the only Div. One team to contact me last week - **St Bernards!** All "Black List" clubs will not be considered until they make the "effort" to contact me in future (when and if they win!!)

'COACH-AIDE'

The 'Coach-Aide' program as documented in a late 1994 season VAFA Amateur Football record and more recently in the National Australian Football Coaches Association update newsletter has been formally adopted by the VAFA and is 'set' to be put into action.

For those without knowledge of the program the following brief outline will help you to gain an understanding of the principles, aims and objectives of 'Coach-Aide'. For those already conversant with the program all that's now required for you to take advantage of 'Coach-Aide' is for your club through either the Coach, President and/or Secretary to initiate an enquiry in the first instant to the AFCA/VAFA Secretary, Mr Brett Connell at VAFA Administration.

History/Background

Within our own structure (VAFA), as large as it is, exists a dearth of human resources from which Coaches and Clubs can access on a *limited tenure* or *long term* basis.

Amateur Football is by *Name and Nature*, "Footy" in its purest form, non professional and being a part of it for *"The Love of the Game"*.

Associated with these principles are several factors that need to be addressed to ensure that Clubs operate effectively throughout the entire season, i.e. pre-season to conclusion, for example:

- * Time constraints
- * Work/family commitments
- * Support staff
- * Facilities
- * Resources (material/physical)

Club *"Budget Constraints"* and limitations generally do not extend to afford the costs associated with *"hiring"* in external *"assistance"* in the form of additional coaching staff to offset coach *absenteeism, illness, retirement, specialist and remedial* needs.

As an AFCA/VAFA initiate, *Coach-Aide* can remedy this situation. It is a *'body'* of accredited coaches (*minimum level - 1*) not presently employed in *"mainstream"* coaching, who through *experience, expertise and speciality* can offer assistance at no cost to *"fill the void"*.

Aims and Objectives of Coach-Aide

1. To assist coaches and clubs in the overall team coaching program, that is, *general training, specific training drills, split training, one to one coaching and remedial coaching*.
2. To offer coaches and clubs tangible *"support"* in the event of a coach not being able to fulfil commitments (*irrespective of reason*) and/or whilst a club is await-

ing confirmation of appointment. (*Limited tenure basis only - longer term by negotiation*).

3. To improve the overall *standard, depth and quality* of coaching via dissemination of *knowledge, information and data*.
4. To provide *interest, accredited (minimum level - 1), non "mainstream"* coaches a model by which to continue coaching.
5. To promote the *image, role and physical/material resources* of AFCA/VAFA.
6. To encourage active participation in *AFCA/VAFA workshops, seminars, accreditation programs* and other *formal activities*.

Who Can Access Coach-Aide?

Any VAFA *Affiliated Club Coach* irrespective of grade (excluding Club 18) or status, i.e. *'A' Grade, 'G' Grade, Senior, Reserve or Under 19's* or on request of *President and/or Secretary* of any VAFA *Affiliated Club* in consultation with their respective club coach excepting in the circumstance whereby that particular club has for whatever reason no coach at their disposal.

How to Access/Utilize Coach-Aide

Initial point of contact would be via VAFA *Headquarters* to AFCA/VAFA delegate or to designated *Coach-Aide Supervisor/Co-ordinator*.

Early in March of this year Brett Connell and myself sifted through past VAFA (accredited) coaches who, for whatever reason will not be *"mainstream"* coaching in season 1995. From this list we have gathered together a strong team of willing volunteers prepared to join the initial ranks of *'Coach-Aide'* personnel.

Our next stage of the operation to launch *'Coach-Aide'* in season 1995 was via the VAFA pre-season *Coaches Night*. Each and every coach in attendance should have taken away with them a copy of the full charter of *'Coach-Aide'* to peruse and digest at their leisure.

If by chance, a coach out there in *"Ammo"* land didn't receive a copy and is interested in the concept please do not hesitate to contact the VAFA Administration to get one.

The full committee of the AFCA/VAFA have spent a great deal of time refining *'Coach-Aide'* and are confident that it (*Coach-Aide*) can fulfil its aims, goals and principles.

Good luck in your coaching endeavours today and throughout the season!

Ken J. Bremner,
Coach-Aide Supervisor

UMPIRES CORNER

by Steve McCarthy
 and Anthony Damen

• Hope you enjoyed the Easter break and didn't indulge in too much chocolate, because this week we're off again. We start the column this week with a belated congratulations. In round one **Geoff Ridd** chalked up game number **150**. Riddy was certainly a late starter in the umpiring game after a distinguished playing career with **Kew** and **Parkside**. A major highlight was being best on ground in the grand final in **Parkside's** D grade premiership side of 1972 (was that really 23 years ago?) Geoff has become a well known and popular umpire (particularly in the northern suburbs). A recent highlight was umpiring last year's FIDA grand final. Well done Riddy - we hope you enjoyed your day at Banyule.

• A milestone this week for the man up there in the right hand corner **Anthony Damen**. AD (the Iceman) umpires his 100th game today. As we mentioned a few weeks ago, Anthony joined us from Powerhouse in 1990 and made it to the A grade panel early last year. In his time with us as an umpire he has become legendary for his after-match sessions (just ask Shauna). Don't expect him home too early tonight. Enjoy your day and look to the next 100.

• Corruption and bribery. We've seen it in British soccer and Sydney horse-racing - has it come to the VAFA? Without trying to get controversial a certain field umpire (previously mentioned and didn't play for Parkside) was seen last week accepting cash at half-time from a club official. Relax, it was only back pay from a recent practice match. I'm sure he'll return it to that particular club over the bar in the near future.

• A quick report on last week's Trots Night will show that most umpires as gamblers make better umpires - forty-eight people attended and from all reports Mike Lentini was the only one to line his pockets. The next social event is the golf day tomorrow. Cheerio Frances Lentini.

• As promised last week we now give you details of a couple of new rules.

Gloves rule - As gloves do not comply with VAFA Rule 42 Schedule 'B' not being part of a club's uniform, the following is the case relating to the wearing of gloves. Gloves to be considered for wearing in matches would therefore come under NAFC Rule 4 relating to protective equipment and therefore would need to be lodged with the Administration for approval. Therefore any player wearing gloves will be reported under rule 16.9.16 and sent off. A second offense will see the player off for the remainder of the game.

Bleeding and Blood Borne (not Blood & Bone) Infection rule - In the event that an umpire observes a

player who is bleeding or has blood on any part of his person or uniform, the umpire shall take action as follows - player will be directed to leave the field **through the interchange gate**. Field umpire will cross arms above head as a signal to the interchange steward. If the player refuses to leave a free kick will be given to the opposition. Any replacement player shall be given reasonable time to take up his position prior to play recommencing.

• We understand that firemen must become experts at speed-dressing (in case of fire). That probably explains Bernie Hoare wearing a blue sock and a black sock to his last game. Don't worry Bernie, Rags and Thwaitesy have been doing it for years.

• Interesting newsprint on umpires officiating in round one. Seems Little Segota was in charge of a B section match. Couldn't possibly be talking about Chilli.

• Umpire's Observer Bob Taylor has graciously offered to provide soup and a roll after training on Thursday nights. Thwaitesy was wondering what kind of roll? A great idea Bob - just the thing we need after a cold wet night on the track.

• Heard that an A grade fieldy went into his last match with a strapped groin. Was that in black leather, R.B.?

• A moving ceremony in the showers at Elsternwick Park a couple of Thursdays ago. Now in retirement Mike Murray officially handed over the disabled/goal umpires shower rail to John Kelly. It was christened with a sprinkle of VB. Well done Jack. We're sure to miss that sight of Mike in the corner shower - not!!

• Whilst Umpire's Corner may seem jam-packed full of interesting stories and rule interpretations we always seek your input. It's very important to publicly congratulate umpires on their achievements so please try and give us some notice with upcoming milestones. Contact A.D., Macca or Ken Pitcher. We also appreciate feedback. If our readers feel that some stories are too cryptic - bad luck, Lentils will interpret them for you.

FOUR'N TWENTY

LOOKING BACK by Noel Rundle

5 YEARS AGO - 1990

'B' Section coaches were **John Simpson** (Banyule), **Ken Baker** (Bull.-Temp), **Stephen Pirrie** (Kew), **Trevor Reid** (Monash Blues), **Wayne Bannister** (Parkside), **Mark Sarau** (Old Brighton), **Simon Meehan** (Old Haileybury), **Alan Stoneham** (Old Melb.), **Russell Forbes** (Old Trinity) and **Frank Dunnell** (St Bernards, captain-coach).

Hampton Rovers mourned the passing of the club's founder and Life Member **Norm "Boss" James**. "Boss" was the founder of the Club which in the early days brought together members of the scout troop to play football against a band of local, wild lads. "Boss" coached the club from 1940 to 1951 culminating in an 'A' Section premiership flag defeating 1950 premiers, **Ormond**, by 5 points.

Tom Johnston and **David Burnes** both turned 40 much to the surprise expressed by other Executive Members - surprised that Tom had made it and David had not already made it years ago.

The Umpires' Association planned a stage show, featuring, excerpts from the contemporary musical "Hair". The likely 'leads' were Living Legend **Benny Goodman**, **Santo "Robinson" Caruso**, **Rob "Liberty" Bell**, and **Peter "Agate" Harris**.

'A' Section goal umpires for the round were **Mark Serong**, **Wayne Binch**, **Reno Barichievich**, **Bill Fowler**, **Rodney Clarkson**, **Bernie Hoare**, **Ken Pitcher**, **Mich (no reports)** **Murray**, **Julian Velleman**, **Michael Lentini**.

All clubs could do with great clubmen like Old Carey's **Ian 'Ocka' England** - 326 games for the club and now saddling up as the club's "Ressie" umpire.

150 games to **Rodney Bryant** (St Bedes), **Craig Tonkin** (Ormond).

Leading goalkicker for the day was Ormond's full forward **Peter Schuhkraft** who kicked 8 of Ormond's 13 goals in their defeat of Old Paradians, 13.8 to 5.2.

10 YEARS AGO - 1985

President, **John Dillon** announced with pleasure that "Fosters" had accepted the position of Major Sponsor of the VAFA in 1985. National Trustees had announced they would sponsor awards for the leading goalkickers in all senior and Under-19 Sections for the next three years.

The suspension of **Lions** vice-captain **Simon Williams** broke a 12-year record at **Collegians** who had not had a player outed by the Tribunal since the 1973 suspension of the legendary **Lindsay "Madman" Richards**.

Collegians had a good 13 point win against **De La Salle** in a high class game, 16.8 to 13.13. **Gary Irvine** was the best ruck rover on the ground, **Ian Herman** with 5 goals added a touch of class and **Stuart Hinchin** had the better of **Shane Murphy**.

Fawcner were showing good early season form with an 82 point win against **Old Camberwell**. Best were **Busst**, **Korp** (9 goals), **T. Young** and **M Majerczak**.

100 games to **Old Haileybury's** quiet clubman **John Constable**, recently married to the lovely **July**.

Ormond's young ruck rover **Simon Elshold** was their best player in the club's 14 point win over **Bulleen Templestowe** in a scrambly low-scoring game in the round.

15 YEAR AGO - 1980

Twenty two years of service to **Alphington** saw **Peter Harris** run out for his 366th game, eclipsing the previous VAFA record held by **PowerHouse** champion **Les Gordon**. (Peter has continued on to help the Association in various capacities, N.R.).

And talking of long service, umpire **Bob Cogdon** reached 300 games and as Umpires' Corner said "both on and off the field **Bob** is the epitome of the quiet gentleman".

Old Melburnians (A), trailing **Marcellin O.C.** by 3 points at the last change, kicked 8.7 in the final term and kept **Marcellin** scoreless - and played at **Marcellin**. Best were **Brown**, **Pisarski**, **Dumbrell** (Old M), **Cooper**, **Price** and **Filt** (M.O.C.).

In the first ever home and home game played on Sunday, **Ormond** withstood a determined last quarter bid by **AJAX** to win by 9 points.

Bulleen-Templestowe (C) defeated **Old Brighton Gramm.** by 3 points, 15.12 to 14.15. Best were **Linn Hamer**, **Gilmore** (B-T) and **Gedye**, **Wilson** and **Mill** (OBG).

150 games to **St Bernard's** captain **Greg Wade** who led the club to victory in the 'A' Section premiership 1975.

20 YEARS AGO - 1975

Caulfield Grammarians' Hon. Secretary **Bob McDonald** played his 150th game. Bob was also captain of Caulfield's Old Boys' Cricket team in M.C.C. Club competition. What a sportsman!

St Bernard's (A Sect.) stormed home in the last quarter to kick 5.3 to **North's** 2.0, only to fail by 10 points. Best were **Leacock**, **Sheales**, **D. Maguire** (North) and **M. Mahoney**, **Drennan** and **K. Mahoney** (Bernard's O.C.).

In the **Brunswick** battle, with teams level at the last change, **West** kicked 5.10 to **North's** 1.2 in the final term. Best were **Allen, Brockwell (5), Byrd (West B.) and Raleigh, Strickland, Handley (North B.)**.

Vourse, McMahon and Owen were stars in **Ivanhoe Juniors'** victory over **Coburg**, 18.16 124 to 15.13.103.

Urquhart (9 goals) dominated the **Old Melburnians'** win against **Old Brighton**.

25 YEARS AGO - 1970

Real veterans to reach milestones were **Peter Hutchinson (PowerHouse)**, with 250 games and 6 club's best and fairest to his credit, while **Bill "Snow" McNamara (Parkside)**, popular **Bill Rodda, Parkside** captain, and **Kew** veteran, **Terry Mort** all ran on for their 150th games.

1969's premiers, **Coburg**, got a fright when **Uni Blues** kicked 6.8 to the opposition's 1.1 in the last quarter to go down by 8 points.

Critics were pleased with the new "out of bounds" rule, as it had cut out a lot of negative football.

Monash captain **Nich Rodgers** kicked 8 goals in a fine exhibition of centre half-forward play.

Old Carey had started the season in great style under new coach **Graham Johnston**, former **Essendon** half-forward who had some promising new players in the team, **John Goode, Colin Bell** and **Geoff Freeman**.

Melbourne High were pleased with the promise being shown in the Reserves by full-forward **Barrie "Baldy" Macdonald**.

35 YEARS AGO - 1960

Old Xaverians inflicted a crushing defeat on 1959 runners-up, **Old Scotch**, 16.11 to 7.12, with stars **Rhoden (7 goals)** and **Capes (5 goals)**, **Ormond** and **Old Paradians** staged a draw, 7.19 to 9.7.

'A' Section captains were **Alan Kirby**, (C'wealth Bank), **Manson Russel (O. Scotch)**, **John Sanders (Old X)**, **Brian Roet (U. Blacks)**, **John Booth (O. Parade)**, **Max Rush (Coll.)**, **Jim Whitfield (Alph.)**, **Bill Colenso (Old Melb.)**. Who captained **Ormond** and **U. Blues**?

Prolific best and fairest winner, **Alan Dick (National Bank)**, and **Old Paradians' Laurie Wakeling**, a member of Victorian teams in 1956, '57 and '59, played their 100th games.

45 YEARS AGO - 1950

University Blacks and **Blues** met for the first time in many years. Scores were level at three-quarter time, but **Blacks** were more accurate in the last quarter with 4.1 to the **Blues'** 1.5.

The team selected to represent **Victoria** in **Adelaide** was **Doug Arnold (Hampton Rovers)**, Capt., **John Brady (Uni Blacks)**, **Alan Mellors (Brunswick)**, **Geoff Hibbins (Collegians)**, **Alan Kirby (C'wealth Bank)**, **Alan Reid (Geelong)**, **Sam Birtles (Hampton Rovers)**, **Jack Castle (Kew)**, **K. Fitzgerald (Ivanhoe)**, **Jack Grainger (Old Melb.)**, **Don Morone (Old Scotch)**, **T. Taylor (Old Scotch)**, **Graham Beck (MHSOB)**, **Peter Cox (Old Melb.)**, **Ken Phelan (Old X.)**, **Laurie Holman (Orm.)**, **Bob Rowse (Orm.)**, **Jack Stock (Orm.)**, **Harry Meredith (Uni Blacks)**, **Duncan Anderson (Uni Blues)** and **Bob Faulkner (Uni Blues)**.

TEAMLISTS

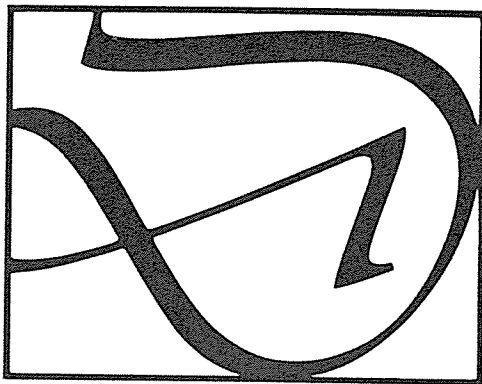

Please note that on teamsheets if a player does **not** sign in the space where each name is printed this player is deemed an **ineligible** player.

Clubs are also fined if the **AFTER MATCH** box is not correctly filled in by the correct official of the club.

Clubs are advised that this year a **\$5 fine** will be applied for **each** omission per teamsheet, e.g. 20 signatures not appearing **\$100 fine**.

These fines will apply from Round 3 on.

Carlton.

CARLTON CLUB INCENTIVE COMPETITION

In conjunction with the VAFA Carlton has devised a competition whereby clubs can win a quantity of CUB product which if sold at a club could generate extra revenue for a club on top of other profits from the evening.

How does the Incentive Competition work?

From today until the end of June will be known as Stage One of the competition. At the end of Stage One the **best supporting club per each senior section** will receive 5 cartons of CUB product to be supplied at a club function. From the beginning of July until the end of August will be known as Stage Two of the competition. During this Stage the 8 best supporting clubs at the end of Stage One will compete to establish an overall winner. This club will receive a further 10 cartons of CUB product to be supplied for an end of season function.

How does each club compete?

Each club when it purchases Carlton and United Breweries product (beer) for functions, after-match gatherings and the like, would need to obtain from the retail outlet an invoice or docket clearly demonstrating that CUB product was in fact purchased by the club, its officials or its supporters. The club needs then to place this docket/these dockets in an envelope, clearly labelled with the club's name and then forward this envelope to VAFA Administration (att: Phil Stevens) for verification and publication of performances in each issue of "The Amateur Footballer". The value of product purchased by each club will be continually updated and shown in "The Amateur Footballer".

Carlton and United Breweries has been a long-time Level 4 sponsor of the VAFA. Here is an opportunity for Carlton to give something back to those who support them. Carlton is the official beer supplier to the VAFA and CUB is certainly "One of the world's great brewers".

IT'S ALL ABOUT ATTITUDE.

MAKE THE MOVE

From the moment you make the move to Quit smoking you'll start your body getting back in shape.

Within two hours of stopping there is no more nicotine in your blood stream. 6 hours - your heart beat slows down and your blood pressure starts to drop. After just one day you'll have more energy - get it a couple of days and you'll feel and smell fresher, and your taste buds and sense of smell will come alive.

And even more importantly, with enough time, you'll reduce your risk of emphysema, lung cancer and heart disease.

You'll be fit for life.

And after all, isn't that the name of the game?
